**KING COUNTY, WASHINGTON
STATE ENVIRONMENTAL POLICY
ACT (SEPA) DETERMINATION OF
SIGNIFICANCE / NOTICE OF
ADOPTION OF EXISTING
ENVIRONMENTAL DOCUMENTS /
SEPA ADDENDUM -
Non Project Action**

Proposal: Adoption of Proposed Motion 21-1 Recommending Amendments to the King County Countywide Planning Policies to the King County Council, and Proposed Motion 21-2 Recommending Approval of the 2021 King County Urban Growth Capacity Report to the King County Council.

These adoptions are non-project actions under the Washington State Environmental Policy Act. Materials can be found on the King County website at: <https://kingcounty.gov/depts/executive/performance-strategy-budget/regional-planning/CPPs.aspx>

Threshold Determination: A Determination of Significance (DS) for the 2021 Amendments to the King County Countywide Planning Policies, Adoption of Existing Environmental Documents, 2021 Addendum to Existing Environmental Documents, and Adoption of the Urban Growth Capacity Report, are issued pursuant to Revised Code of Washington 43.21C, King County Code 20.44, and Washington Administrative Code 197-11. The Office of Performance, Strategy and Budget has determined after review of the proposed legislation, an environmental checklist and associated documents, that existing State of Washington and King County regulations and codes are sufficient to address potential impacts associated with the proposed legislation. After an independent review of the documents being adopted, including the Puget Sound Regional Council's Final Supplemental Environmental Impact Statement (EIS) for VISION 2050, and the Final EIS for VISION 2040, and other information in the file, the responsible official has identified and adopted them as being appropriate for this proposal. The addendum adds information and analysis about the amendments being proposed to the currently adopted 2012 King County Countywide Planning Policies but does not substantially change the analysis of significant impacts and alternatives in the adopted environmental documents. Therefore, an Environmental Impact Statement (EIS) is not required. The responsible official finds this information reasonably sufficient to evaluate the environmental impact of this proposal.

Comment Procedures: You may comment on this DS by submitting comments to GMPC@kingcounty.gov. Due to COVID-19, hard copy materials will not be accepted. Comments must be received no later than 11:59 PM on Sunday, June 20, 2021.

Public Hearing: The Growth Management Planning Council is scheduled to act on the 2021 Update of the Countywide Planning Policies and Urban Growth Capacity Report in June 2021. Their action is to recommend amendments to the King County Council for consideration, possible revision, and approval, per the process described in the CPPs. Following this, the King County Council will consider action on the CPPs and may at such time schedule a public hearing or hearings.
