Please explain why you feel you are the most qualified candidate for this appointment.

I am the most qualified candidate for this appointment because I have lived in Seattle for nearly a decade, working in the stormwater world for most of that time. I have my Master's degree in Coastal Environmental Management and have worked as a municipal stormwater permit manager for almost 6 years – over 5 years at the City Shoreline and now over half a year with the City of Seattle. In addition to managing the City of Shoreline's stormwater permit, I also conducted all of the water quality monitoring. My passion for water quality has been the driving force behind my college internships, my graduate degree, and the jobs throughout my career, spanning two decades.

How did you learn of this opportunity?

My co-worker, Kathy Minsch, who is vacating her position on the committee due to her retirement.

Do you hold any professional licenses, registrations or certificates in any field (Please type an "X" in the box)?

If you hold any professional licenses, please list them here:
