20. [Reports on Special and Outside Committees](#)

[play video](#)

Ms. Patterson reported on the Board of Health. The Board adopted a rule and regulation relating to smoking in public places and places of employment. This policy will increase the civil penalty for large event venues, and also establishes re-inspection for public places that have multiple smoking violations. The Board also took a position to protect people living in multi unit housing from exposure to second hand smoke. The resolution does not mandate no smoking policies in housing units; it encourages city councils, developers, homeowners associations and housing authorities to enact those policies.

The Healthy Eating/Active Living Committee adopted a guideline for healthy communities. It is intended to be used by local jurisdictions to consider health in land use and transportation planning decisions.

Ms. Patterson also stated that King County has the only Board of Health in the entire country that has established a set of guidelines that include health for planning purposes.

Mr. Phillips briefed the Council on Water Resource Inventory Area 9. He indicated that WRIA 9 has come up with a number of different funding options. The members

discussed them at length and will meet with WRIA 9 members to see if there's a way to continue salmon recovery efforts through a different funding mechanism. The members also discussed legislative priorities.
