AN ORDINANCE that proposes the 2015/2016 Biennial Budget and makes

appropriations for the operation of county agencies and departments and capital improvements for the fiscal biennium beginning January 1, 2015, and ending December 31, 2016.

PREAMBLE:

Despite continued fiscal challenges created by the Great Recession and an ongoing structural gap - caused by revenue growth that is slower than inflation - King County continues to provide critical services for its residents through reforms, reorganization and technology. But without action by the federal and state government, our public safety, transportation and public health infrastructure will continue to erode along with the quality of life these services provide.

This budget makes necessary spending cuts to balance the county budget. We have chosen these cuts based on our priorities and in a way to do the least amount of harm while still maintaining sufficient levels of reserves to maintain the county's AAA credit rating.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings: The council makes the following findings of fact:

A. King County government is responsible for providing a variety of services to all residents of the county. These include: regional services, such as criminal justice, public health, wastewater treatment, solid waste and transit; subregional services through contracts with many suburban cities for police protection, jail services and support for court services; and local services to unincorporated areas, such as sheriff protection, support for agriculture, roads, surface water management, local parks and land use regulation.

B. Under the King County Charter, the metropolitan King County council sets policy and adopts budgets for the county. This is the first complete biennial budget for the county at just over \$9 billion with a \$1.5 billion general fund.

C. Fiscal restraint and increasing efficiencies in internal services and operations enable the council to focus this budget on services and programs that result in greater or continued efficiencies and services and

programs to ensure public safety, public health and well-being.

Increased Services for Survivors of Domestic Violence and Sexual Assault. This budget funds a domestic violence unit in the King County sheriff's office. This includes detectives and community resource officers who specialize in working with survivors of domestic violence. The council has been a strong supporter of funding services for domestic violence programs for many years. This investment reaffirms that commitment. The council also continues its support of legal aid and innovative housing and counseling programs.

The County as a Local Government. This budget recognizes local government needs by responding with more funds to the roads division, restoring planned cuts to code abatement programs that enforce nuisance issues, and reducing planned fee increases for building permits.

Prioritization of Public Health Infrastructure. In its budget proposal to the county executive, Public Health - Seattle & King County proposed closing four public health centers. Through community and local government partnerships, the county budget temporarily maintains services at the Greenbridge, Federal Way, Auburn and Northshore public health centers into the biennium. The council is encouraging further exploration of long-term partnerships and revenue options and other delivery models for public health services.

Providing Transit Service Countywide. This budget maintains current levels of transit services. It also offers alternative transit services to right size service options and help those communities most affected by recent service reductions. Additionally, the council ensured that the transit system continues to be accessible to less affluent segments of the population by implementing a low-income fare and increasing the number of discounted tickets available for purchase by nonprofit agencies.

Fiscal responsibility: This budget continues to find efficiencies. Years of council direction have yielded results through reductions in the rate of increases of our overhead service costs. Every dollar saved through lower overhead and administrative costs is another dollar that is available for direct services. Through partnership with the county executive, the county has used business process improvements to lower costs.

Sufficient reserves in the county general fund are maintained and comprehensive financial management practices in the county's major funds are applied to maintain King County's AAA bond rating.

SECTION 2. Effect of proviso or expenditure restriction veto. It is hereby declared to be the legislative intent of the council that a veto of any proviso or expenditure restriction that conditions the expenditure of a stated dollar amount or the use of FTE authority upon the performance of a specific action by an agency shall thereby reduce the appropriation authority to that agency by the stated dollar or FTE amount.

SECTION 3. The 2015-2016 Biennial Budget is hereby adopted and, subject to the provisions set forth in this ordinance and the several amounts specified in this ordinance or so much thereof as shall be sufficient to accomplish the purposes designated, appropriations are hereby authorized to be distributed for salaries, wages and other expenses of the various agencies and departments of King County, for capital improvements and for other specified purposes for the fiscal period beginning January 1, 2015, and ending December 31, 2016, out of the following funds of the county named and set forth in the following sections.

SECTION 4. The fund appropriations are sums to cover merit pay and labor settlements. The county executive is authorized to distribute the required portions of these monies among the affected positions in each operating fund effective January 1, 2015. In the event cost-of-living adjustments are greater than the appropriations authorized in this ordinance, all budgets shall be augmented as required from moneys available to the county not otherwise appropriated in that case. An ordinance shall be transmitted by the executive to the council appropriating those funds by appropriation unit.

- D. A comparison of the options in subsections A. through C. of this proviso with a potential sale of the Northshore public health center property in vacant, as-is condition, including all costs to vacate the space, prepare it for sale, and maintain the vacated property until an estimated closing of a sale of the property;
- E. Analysis of the space requirements, one-time and ongoing expected costs and operational impacts, including any adverse impacts to the delivery of client services, to continue the provision of MSS and WIC as provided currently to north and east King County with substantially equivalent or better market saturation and efficacy compared to the current level of service, if public health is required to vacate the current clinic;
- F. Feasibility of charging rent to the agencies providing other King County services at the clinic, or other county agencies, and the impacts, savings and other issues associated with the cessation or relocation of

the community service center currently providing those services; and

G. Analysis of the racial and social justice impacts of closure of the clinic.

All analyses regarding the potential sale of the property shall address K.C.C. 4.56.130, which requires a portion of sales proceeds to be paid into the fund for arts and culture, as well as leasehold excise taxes where applicable, and any other factors such that the analysis provides for as close-to-actual financial impact to the health department and the county as a whole, as possible.

P1 PROVIDED THAT:

Of this appropriation, \$150,000 shall not be expended or encumbered until the executive transmits a letter to the council certifying that revenues in the amount of \$150,000 have been contractually obligated by or received from cities in King County, other community partners or other sources unique to the Northshore public health center, to support continued operation of the Northshore public health center through December 31, 2015.

P5 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits a report on options related to the Northshore public health center operations and facility, a plan for the continued

delivery of the services currently provided at the Northshore public health center at a fixed location and a motion that approves the report and plan and the motion is passed by the council. The motion shall reference the subject matter, the proviso's ordinance, ordinance section and proviso number in both the title and body of the motion.

The report shall be prepared with the assistance of real estate experts with expertise in real estate sales and medical office space leasing in the north and east King County markets. The real estate expert shall be retained no later than January 2, 2015. The report shall also include input from Professional & Technical Employees Local 17 and the Washington State Nurses Association regarding operational issues at the Northshore public health center. The report shall include, but not be limited to, an analysis of options related to the Northshore public health center operations and facility including:

- A. The potential for, revenue from, and expenses associated with leasing the unused portion of the Northshore clinic to either an internal King County agency or outside tenant or tenants, or both. The analysis should also include the potential for pledging the revenue stream from a lease to a third-party tenant, to secure debt financing to address the department's current deficit;
- B. The potential revenue from the sale of a fully leased Northshore clinic, including a lease with Public Health - Seattle & King County to continue its maternity support services ("MSS") and special supplemental nutrition program for women, infants, and children ("WIC");
- C. The potential revenue from the sale of the Northshore clinic with King County executing a commercially reasonable lease for sufficient space to continue MSS and WIC and the expected costs to King County for such a lease;
- D. A comparison of the options in subsections A. through C. of this proviso with a potential sale of the Northshore public health center property in vacant, as-is condition, including all costs to vacate the space, prepare it for sale, and maintain the vacated property until an estimated closing of a sale of the property;
- E. Analysis of the space requirements, one-time and ongoing expected costs and operational impacts,

including any adverse impacts to the delivery of client services, to continue the provision of MSS and WIC as provided currently to north and east King County with substantially equivalent or better market saturation and efficacy compared to the current level of service, if public health is required to vacate the current clinic;

F. Feasibility of charging rent to the agencies providing other King County services at the clinic, or other county agencies, and the impacts, savings and other issues associated with the cessation or relocation of the community service center currently providing those services; and

G. Analysis of the racial and social justice impacts of closure of the clinic.

All analyses regarding the potential sale of the property shall address requiring C.C. 4.56.130, which requires a portion of sales proceeds to be paid into the fund for arts and culture, as well as leasehold excise taxes where applicable, and any other factors such that the analysis provides for as close-to-actual financial impact to the health department and the county as a whole, as possible.

At the same time as delivery of the report on options related to the Northshore public health center operations and facility, the executive shall transmit to the council a plan for the continued delivery of services currently provided at the Northshore public health center in an integrated, comprehensive manner from a fixed location, whether directly or in partnership with outside entities.

The executive must file the report, motion and plan required by this proviso by May 1, 2015, in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the budget and fiscal management committee, or its successor.

P6 PROVIDED FURTHER THAT:

Of this appropriation, \$200,000 shall not be expended or encumbered until the executive transmits a report on the sustainability of public health clinic services in future biennia. The report shall identify the potential models for continuing public health clinic services in future biennia as the current funding model is unsustainable. The report shall identify major services provided by the clinics and identify any services that are

unsustainable.

The executive must file the report and motion required by this proviso by October 31, 2015, in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the budget and fiscal management committee and the law, justice, health and human services committee, or their successors.

SECTION 98. ENVIRONMENTAL HEALTH - From the environmental health fund there is hereby appropriated to:

Environmental health \$46,594,000

The maximum number of FTEs for environmental health shall be: 141.50

ER1 EXPENDITURE RESTRICTION:

Of this appropriation, \$113,645 and 1.00 FTE shall be expended or encumbered solely to fund one environmental health services ("EHS") septic inspector in 2015 to be colocated at the department of permitting and environmental review ("DPER") Snoqualmie location for a pilot colocation project. The pilot inspector shall attend DPER permitting staff meetings when doing so would allow the pilot inspector to better understand the DPER permitting process or workload staffing issues. The pilot inspector shall keep the director of DPER or the director's designee informed of the pilot inspector's work but shall remain under the supervision of EHS.

P1 PROVIDED THAT:

Of this appropriation, \$500,000 shall not be expended or encumbered until the executive transmits an action plan for changes to the food program permit fee structure, including, but not limited to, temporary and farmers market permits, that result in lower permit costs and encourage vendor participation while maintaining food safety, and a motion that approves the action plan and the motion is passed by the council. The motion shall reference the subject matter, the proviso's ordinance, ordinance section, and proviso number in both the title and body of the motion.

In developing the action plan, the executive shall consider:

- A. Recommendations from the 2013 county auditor performance audit of environmental health services;
- B. Food vendor stakeholder feedback, including feedback on the action plan;
- C. Maintenance of health standards that conform to local, state and federal regulations;
- D. Consideration of the reasonableness of inspection requirements across different types of permits;
- E. Cost impacts of permit fees on the permit holders' cost of doing business and potential options to standardize practices to minimize permit holders' cost;
- F. Review of the number of inspections needed for vendors and coordinators attending multiple events or farmers markets;
- G. Review of time needed to conduct an inspection of a vendor who has consistently demonstrated good performance;
- H. The Public Health - Seattle & King County 2014 Food Protection Program Review; and
- I. The Public Health - Seattle & King County 2014 Environmental Health Permit Time and Fee Study.

The action plan shall include proposed near-term actions and timelines for implementation that can affect fees for 2015 to be adopted by the board of health and that would result in an average lower cost of permits for farmers markets and temporary nonprofits, and long-term actions and timelines for implementation that can lower 2016 food program rates and fees. The plan shall include estimated fee or rate impacts to be

achieved by the proposed actions.

The executive must file the near-term options by December 12, 2014, and the remainder of the action plan and motion required by this proviso by January 30, 2015, in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the law, justice, health and human services committee, or its successor.

P2 PROVIDED FURTHER THAT:

Of this appropriation, \$500,000 shall not be expended or encumbered until:

A. The county auditor reports that the environmental health services division has fully implemented Recommendation #5 of the September 11, 2013, performance audit of environmental health services, i.e., to implement a rigorous approach to staff allocations addressing the four best practice factors identified by the county auditor, which include a defined staffing methodology with staffing standards and performance measures related to caseloads and workloads; and

B. The executive transmits a copy of the auditor's report and an action plan for improving the operational infrastructure of environmental health services in order to lower permit costs and encourage vendor participation while maintaining food safety, and a motion that approves the operational action plan and the motion is passed by the council. The motion shall reference the subject matter, the proviso's ordinance, ordinance section and proviso number in both the title and body of the motion.

Development of the action plan shall be informed, at a minimum, by the recommendations from the 2013 county auditor performance audit of environmental health services and the action plan submitted in response to proviso P1 of this section regarding environmental health services.

The proposed action plan shall include recommended actions and timelines for achieving cost savings that are projected to result in no food program rate increases through the end of 2017 while building rate reserves during that timeframe. The plan shall show at a minimum the operational costs, workloads, and

staffing assumptions that are the basis for achieving the target.

The executive must file the action plan and motion required by this proviso by August 30, 2015, in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the law, justice, health and human services committee, or its successor.

P3 PROVIDED FURTHER THAT:

Of this appropriation, \$650,000 shall not be expended or encumbered until the executive transmits a report on coordination of septic permitting services by the environmental health services division of Public Health - Seattle & King County ("EHS") and permitting services by the department of permitting and environmental review ("DPER") that have workflow processes affected by septic permitting, including a draft ordinance to implement the recommendations of the report, and a motion that approves the report and the motion is passed by the council. The motion shall reference the subject matter, the proviso's ordinance, ordinance section and proviso number in both the title and body of the motion.

The report shall be informed by a one-year pilot project in 2015 that moves at least one environmental health services septic inspector to DPER's Snoqualmie location as described in expenditure restriction ER1 of this section. The pilot inspector shall attend DPER permitting staff meetings when doing so would allow the pilot inspector to better understand the DPER permitting process or workload staffing issues. The pilot inspector shall keep the director of DPER or the director's designee informed of the pilot inspector's work but shall remain under the supervision of EHS.

The report shall, at a minimum, include the following:

- A. A mapping of EHS septic and related DPER permitting workflows;
- B. A summary of workload and backlog for the past five years, including total and per FTE annual target and actual counts and turnaround times for design reviews and other inspector functions for septic and related DPER permits;

- C. An identification of intersections and chokepoints where one agency's process affects the other;
- D. Consideration of cosupervising, collocating and other means of increasing communication and coordination between the agencies;
- E. Consideration of statutory and code requirements;
- F. Recommendations for infrastructure and process changes to improve EHS and DPER permitting processes to reduce backlogs, increase efficiency and cross-agency coordination and improve customer service; and
- G. Quantification of the anticipated effect of the recommended changes on permit processing performance and costs of the recommended changes.

The draft ordinance included in the report shall implement integrated, streamlined permitting operations for DPER and EHS's septic program based on the report recommendations.

The executive must file the report and motion required by this proviso by May 30, 2016, in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the law, justice, health and human services committee, or its successor.

B. The work plan shall identify:

1. Participants in the technical working group, including, at a minimum, council staff, executive staff and interested stakeholders representing the regional water quality committee, and the metropolitan water pollution abatement advisory committee;

The grant program shall allocate funding to local and regional governments, including King County, nonprofit organizations, community organizations and businesses, for the purpose of water quality improvement projects

within the King County wastewater service area; and

B. The remaining \$2,096,043 shall be released upon adoption of an ordinance or ordinances allocating these funds to specific water quality improvement activities, programs or projects located within the King County wastewater treatment service area.

The ordinances required by this proviso shall be introduced by a King County councilmember in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, the policy staff director and the lead staff for the transportation, economy and environment committee, or its successor.
