AN ORDINANCE relating to providing notice of applications; and amending Ordinance 13147, Section 21, as amended, and K.C.C. 20.18.050, Ordinance 12196, Section 10, as amended, and K.C.C. 20.20.030, Ordinance 12196, Section 13, as amended, and K.C.C. 20.20.060, Ordinance 12196, Section 16, as amended, and K.C.C. 20.20.090 and Ordinance 1076, Section 7, as amended, and K.C.C. 20.36.060.

SECTION 1. Ordinance 13147, Section 21, as amended, and K.C.C. 20.18.050 are each hereby

amended to read as follows:

A. Site-specific land use map amendments are legislative actions that may only be initiated by property owner application, by council motion, or by executive proposal. All site-specific land use map amendments must be evaluated by the hearing examiner before adoption by the council in accordance with this chapter.

1. If initiated by council motion, the motion shall refer the proposed site-specific land use amendment to the department of development and environmental services for preparation of a recommendation to the hearing examiner. The motion shall also identify the resources and the work program required to provide the same level of review accorded to applicant-generated amendments. An analysis of the motion's fiscal impact shall be provided to the council before adoption. If the executive determines that additional funds are necessary to complete the work program, the executive may transmit an ordinance requesting the appropriation of supplemental funds.

2. If initiated by executive proposal, the proposal shall refer the proposed site-specific land use amendment to the department of development and environmental services for preparation of a recommendation to the hearing examiner.

3. If initiated by property owner application, the property owner shall submit a docketed request for a site-specific land use amendment. Upon receipt of a docketed request for a site-specific land use amendment, the request shall be referred to the department of development and environmental services for preparation of a recommendation to the hearing examiner.

B. All proposed site-specific land use map amendments, whether initiated by property owner application, by council motion, or by executive proposal shall include the following:

1. Name and address of the owner(s) of record;
2. Description of the proposed amendment;
3. Property description, including parcel number, property street address and nearest cross street;
4. County assessor's map outlining the subject property; and

5. Related or previous permit activity.

C. Upon initiation of a site specific land use map amendment, an initial review conference will be scheduled by the department of development and environmental services. The owner or owners of record of the property shall be notified of and invited to attend the initial review conference. At the initial review conference, the department will review the proposed amendment's consistency with applicable county policies or regulatory enactments including specific reference to comprehensive plan policies, countywide planning policies and state Growth Management Act requirements. The proposed amendment will be classified pursuant to K.C.C. 20.18.040 and this information either will be provided at the initial review conference or in writing to the owner or owners of record within thirty days.

D. If a proposed site-specific land use map amendment is initiated by property owner application, the property owner shall, following the initial review conference, submit the completed application including an application fee and an environmental checklist to the department of development and environmental services to proceed with review of the proposed amendment.

E. If a proposed site-specific land use map amendment is initiated by council motion, following the initial review conference, the council shall submit an environmental checklist to the department of development and environmental services to proceed with review of the proposed amendment.

F. If a proposed site-specific land use map amendment is initiated by executive proposal, following the initial review conference, the executive shall submit an environmental checklist to the department of development and environmental services to proceed with review of the proposed amendment.

G. Following the submittal of the information required by subsections D., E., or F. of this section, the department of development and environmental services shall submit a report including an executive recommendation on the proposed amendment to the hearing examiner within one hundred twenty days. The department of development and environmental services shall provide notice of a public hearing and notice of threshold determination pursuant to K.C.C. 20.20.060(~~(F, G and H)~~)G., H. and I. The hearing will be

conducted by the hearing examiner pursuant to K.C.C. 20.24.400. Following the public hearing, the hearing examiner shall prepare a report and recommendation on the proposed amendment pursuant to K.C.C.

20.24.400. A compilation of all completed reports will be considered by the council pursuant to K.C.C.

20.18.070.

H. A property-owner-initiated for a site-specific land use map amendment may be accompanied by an application for a zone reclassification to implement the proposed amendment, in which case administrative review of the two applications shall be consolidated to the extent practical consistent with this ordinance and K.C.C. chapter 20.20. The council's consideration of a site-specific land use map amendment is a legislative decision which will be determined before and separate from their consideration of a zone reclassification which is a quasi-judicial decision. If a zone reclassification is not proposed in conjunction with an application for a site-specific land use map amendment and the amendment is adopted, the property shall be given potential zoning. A zone reclassification pursuant to K.C.C. 20.20.020 will be required in order to implement the potential zoning.

I. Site-specific land use map amendments for which a completed recommendation by the hearing examiner has been submitted to the council by January 15 will be considered concurrently with the annual amendment to the comprehensive plan. Site specific land use map amendments for which a recommendation has not been issued by the hearing examiner by January 15 will be included in the next appropriate review cycle following issuance of the examiner's recommendation.

J. No amendment to a land use designation for a property may be initiated unless at least three years have elapsed since council adoption or review of the current designation for the property. This time limit may be waived by the executive or the council if the proponent establishes that there exists either an obvious technical error or a change in circumstances justifying the need for the amendment.

1. A waiver by the executive shall be considered after the proponent has submitted a docket request in accordance with K.C.C. 20.18.140. The executive shall render a waiver decision within forty-five days of

receiving a docket request and shall mail a copy of this decision to the proponent.

2. A waiver by the council shall be considered by motion.

SECTION 2. Ordinance 12196, Section 10, as amended, and K.C.C. 20.20.030 are each hereby amended to read as follows:
