BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings:

- A. Homelessness is recognized as a significant problem in King County and elsewhere in the nation.
- B. Some estimates conclude that eight thousand King County residents are homeless on any given night.
- C. King County finds it unacceptable that people are dying on the streets of our communities because there are insufficient safe alternative locations for habitation by homeless persons.
- D. The citizens' advisory commission on homeless encampments ("CACHE") was established by the metropolitan King County council in June 2004 to study the issues of homeless encampments, including whether there is a need for homeless encampments, whether these homeless encampments shall be sited on public or private land, or both, and identifying procedural guidelines for siting and permitting future homeless encampments.
- E. The final report of the CACHE found that homeless encampments are not ideal but found that there is a need for the homeless encampments until more permanent housing is available across King County.
- F. Homeless encampments serve as an interim survival mechanism while King County continues its important work as a member of the regional Committee to End Homelessness in King County seeking permanent housing alternatives and supportive services through a final plan and recommendations due in early 2005.
- G. The establishment of homeless encampments has generated concerns about the adequacy of notice to affected communities before their establishment. These concerns can be alleviated by requiring submittal of necessary permits at least thirty days in advance of the desired date to commence the use.
- H. Managers, sponsors and hosts for homeless encampments are willing to assume responsibility for homeless encampment residents' compliance with written codes of conduct.
- I. Managers, sponsors and hosts for homeless encampments have developed codes of conduct that

prohibit the use of drugs and alcohol inside the homeless encampment, prohibit weapons, violence or open flames inside the homeless encampment and require homeless encampment residents to act respectfully toward each other and their neighborhood at all times.

J. Managers, sponsors and hosts for homeless encampments must abide by and incorporate all code and permit conditions and requirements with regard to community notification, maximum occupancy, environmental health and safety rules, buffers and boundaries, length of stay, resident identification, inspections by relevant public health, public safety and other appropriate regulatory agencies.

K. It is the intent of the county to encourage the managing agency to disperse homeless encampment sites geographically and to move the homeless encampment to other properties within ninety days, so that no one community or area of the county is unduly impacted.

L. Homeless juveniles and families with children are considered as the highest priority for placement within shelters or transitional housing. Homeless adult persons without children have the lowest priority for placement. Homeless encampments, therefore, are often a last measure to assure safe haven for adult homeless persons.

M. Seattle Housing and Resource Effort ("SHARE") and the Women's Housing, Equality and Enhancement League ("WHEEL") are nonprofit organizations that advocate and provide services for homeless persons and that have established Tent City 4 in King County to provide a safe community for up to one hundred homeless persons every night.

N. SHARE/WHEEL has successfully worked with churches and nonprofit groups to provide support services and assistance to residents of Tent City 4, and the site moves every ninety days.

O. Tent City 4 is self-governing, complies with all health, fire and public safety regulations, and the residents live by a strict code of conduct providing a drug-free, alcohol-free and respectful environment.

P. The King County Code currently does not specifically authorize or prohibit the use of tents as shelter within a tent encampment for homeless persons on private property. The King County Zoning Code (K.C.C.

Title 21A) prohibits uses not specifically permitted unless those uses qualify for a temporary land use permit

Q. Since need and crime impacts of encampments are of concern to the community, an annual report on occupancy rates and crime incidence rates should be provided to the council.

R. The provisions of this ordinance are generally based upon standards contained within the consent decree between the city of Seattle and SHARE/WHEEL and El Centro de la Raza and the CACHE recommendations.

S. Numerous discussions with representatives of various faith-based organizations have indicated a general consensus that the consent-decree and the CACHE recommendations provide a reasonable model on which to pattern provisions relating to homeless encampments.

T. The provisions represent generally applicable standards necessary to assure the creation in all cases of a safe homeless encampment with minimal impact to neighboring communities. In particular cases, it may be possible to fashion less restrictive conditions that would be adequate to assure the creation of a safe homeless encampment with minimal impacts to neighboring communities based on an individualized inquiry into particular circumstances. Variations from the general applicable standards in this ordinance should be reviewed as a Type 2 land use decision to allow adequate opportunity for an individual inquiry to evaluate the impacts of any proposed variations from the general standards established in this ordinance.

U. The provisions of this ordinance establish land use permitting requirements for homeless encampments in unincorporated King County. Although these provisions apply to both public and private land, this ordinance is not intended to create any right to establish a homeless encampment on public land. The siting of homeless encampments on land owned by King County shall continue to be subject to the county's discretionary authority, as limited by applicable law.

V. This ordinance is not intended to be a permanent solution to homelessness.

W. A sunset date of December 31, 2014, for authority to establish homeless encampments would be consistent with the goal of the Ten Year Plan to End Homelessness developed by the Committee to End

Homelessness in King County and will be incorporated into the enabling legislation.

SECTION 2. Ordinance 12196, Section 9, as amended, and K.C.C. 20.20.020 are each hereby amended to read as follows:

Classifications of land use decision processes.

A. Land use permit decisions are classified into four types, based on who makes the decision, whether public notice is required, whether a public hearing is required before a decision is made and whether administrative appeals are provided. The types of land use decisions are listed in subsection E₂ of this section.

1. Type 1 decisions are made by the director, or his or her designee, ("director") of the department of development and environmental services ("department"). Type 1 decisions are non appealable administrative decisions.

2. Type 2 decisions are made by the director. Type 2 decisions are discretionary decisions that are subject to administrative appeal.

3. Type 3 decisions are quasi-judicial decisions made by the hearing examiner following an open record hearing. Type 3 decisions may be appealed to the county council, based on the record established by the hearing examiner.

4. Type 4 decisions are quasi-judicial decisions made by the council based on the record established by the hearing examiner.

B. Except as provided in K.C.C. 20.44.120A.7 and 25.32.080 or unless otherwise agreed to by the applicant, all Type 2, 3 and 4 decisions included in consolidated permit applications that would require more than one type of land use decision process may be processed and decided together, including any administrative appeals, using the highest-numbered land use decision type applicable to the project application.

C. Certain development proposals are subject to additional procedural requirements beyond the standard procedures established in this chapter.

D. Land use permits that are categorically exempt from review under SEPA do not require a threshold

determination (determination of nonsignificance ((€))["DNS"((€))]) or determination of significance ((€))["DS"((€))]). For all other projects, the SEPA review procedures in K.C.C. chapter 20.44 are supplemental to the procedures in this chapter.

E. Land use decision types are classified as follow:

TYPE 1	(Decision by director, no administrative appeal)	<u>Temporary use permit for a homeless encampment under sections 6 through 14 of this ordinance;</u> ((B)) building permit, site development permit, or clearing and grading permit that is not subject to SEPA, that is categorically exempt from SEPA as provided in K.C.C. 20.20.040, or for which the department has issued a determination of nonsignificance or mitigated determination of nonsignificance; boundary line adjustment; right of way; variance from K.C.C. chapter 9.04; shoreline exemption; approval of a conversion-option harvest plan; a binding site plan for a condominium that is based on a recorded final planned unit development, a building permit, an as-built site plan for developed sites, ((€)) a site development permit for the entire site circumstances.
TYPE 2 ¹	(Decision by director appealable to hearing examiner, no further administrative appeal)	Short plat; short plat revision; short plat alteration; zoning variance; conditional use permit; temporary use permit under K.C.C. chapter 21A.32; <u>temporary use permit for a homeless encampment under section 15 of this ordinance;</u> shoreline substantial development permit ² ; building permit, site development permit or clearing and grading permit for which the department has issued a determination of significance; reuse of public schools; reasonable use exceptions under K.C.C. 21A.24.070.B; preliminary determinations under K.C.C. 20.20.030.B; sensitive areas exceptions and decisions to require studies or to approve, condition or deny a development proposal based on K.C.C. chapter 21A.24; extractive operations under K.C.C. 21A.22.050; binding site plan; waivers from the moratorium provisions of K.C.C. 16.82.140 based upon a finding of special.

TYPE 3 ¹	(Recommendation by director, hearing and decision by hearing examiner, appealable to county council on the record)	Preliminary plat; plat alterations; preliminary plat revisions.
TYPE 4 ^{1,3}	(Recommendation by director, hearing and recommendation by hearing examiner decision by county council on the record)	Zone reclassifications; shoreline environment redesignation; urban planned development; special use; amendment or deletion of P suffix conditions; plat vacations; short plat vacations; deletion of special district overlay.

¹ See K.C.C. 20.44.120.C₂ for provisions governing procedural and substantive SEPA appeals and appeals of Type 3 and 4 decisions to the council.

² When an application for a shoreline permit is combined with other permits requiring Type 3 or 4 land use decisions under K.C.C. 25.32.080, the examiner, not the director, makes the decision. A shoreline permit, including a shoreline variance or conditional use, is appealable to the state Shorelines Hearings Board and not to the hearing examiner.

³ Approvals that are consistent with the Comprehensive Plan may be considered by the council at any time. Zone reclassifications that are not consistent with the Comprehensive Plan require a site-specific land use map amendment and the council's hearing and consideration shall be scheduled with the amendment to the Comprehensive Plan under K.C.C. 20.18.040 and 20.18.060.

F. The definitions in section 7 of this ordinance apply to this section.

SECTION 3. Ordinance 12196, Section 17, as amended, and K.C.C. 20.20.100 are each hereby amended to read as follows:

or Type 4 land use decision shall be governed by the hearing examiner's rules.

The department shall review the proposed modifications and shall either deny or approve the application, with conditions if necessary, to ensure a safe homeless encampment with minimal impacts to the host neighborhood. The hearing examiner shall expedite the hearing on an appeal of the department's decision under this section.

SECTION 16. Sections 5 through 15 of this ordinance expire January 1, 2015.

SECTION 17. Section 18 of this ordinance takes effect January 1, 2015.

ordinance.
