~~((Petitions for the vacation of county roads may be granted by the council in accordance with the provisions of RCW Chapter 36.87 as amended by Chapter 185, Laws of 1969 First Extraordinary Session, except as provided herein, and King County shall receive compensation as provided for in this chapter.))~~

Proposed vacation of a county right of way may be initiated:

- A. By the council, which by ordinance declares its intent to vacate and abandon a county right of way

or portion thereof that is considered useless and directs the county road engineer to prepare a report on such vacation and abandonment; or

B. By a petition for vacation of a county right of way filed with the clerk of the council.

NEW SECTION. SECTION 60. There is hereby added to K.C.C. chapter 14.40 a new section to read as follows:

A. Property owners of the majority of the frontage on any county right of way or portion of the right of way they seek to vacate may petition the council to vacate and abandon the right of way or portion of the right of way by submitting a vacation petition to the clerk of the council.

B. The petition must include the name, address and land owned for each petitioner and set forth that the right of way is useless as part of the county road system and that the public will be benefited by its vacation. A county right of way may be considered useless if it is not necessary to serve an essential role in the public road network or if it would better serve the public interest in private ownership.

C. The petition must be signed by owners of a majority of the lineal footage of the right of way the petition seeks to vacate.

D. The petition shall be accompanied by:

1. Payment of the administrative fee in the amount specified in Section 63 of this ordinance; and
2. A legal description of the right of way proposed to be vacated and of the property owned by each petitioner, including the square footage of the area of vacation and a drawing, for both the area of right of way proposed to be vacated and the property adjacent to the proposed vacation owned by each petitioner. The county road engineer may require a drawing prepared by a surveyor licensed by the state of Washington.

E. After receipt of a petition and payment of the administrative fee, the clerk of the council shall transmit the petition to the county road engineer, who shall evaluate the proposed vacation for compliance with requirements of this section.

NEW SECTION. SECTION 61. There is hereby added to K.C.C. chapter 14.40 a new section to read

as follows:

A. Upon receipt of a petition, the county road engineer shall determine whether owners of the majority of the lineal footage of the frontage of the right of way proposed for vacation have signed the petition. If the county road engineer determines the signatories of the petition own less than the majority of the lineal footage of the frontage of the right of way proposed for vacation, the county road engineer shall notify the petitioners and the clerk of the council that the petition does not have sufficient signatories. The petitioners shall have thirty days from the date of that notice to supplement the petition by filing with the clerk of the council, with a copy to the county road engineer, a sufficient number of additional petition signatures to establish that a majority of owners of the lineal footage of the frontage of the right of way proposed for vacation support the petition. Failure to include the signature of a majority the owners of the lineal footage of the frontage of the right of way proposed for vacation is grounds for the county road engineer to report in writing to the council clerk that the petition is deficient. In that event, no further action will be taken on the petition and the county road engineer shall inform the petitioners of the determination.

B. If either directed by the council in accordance with K.C.C. 14.40.010.A., or if under subsection A. of this section the county road engineer determines that the petition is valid, then the county road engineer shall examine the right of way proposed to be vacated and abandoned and complete a report that complies with the requirements in RCW 36.87.040, including the county road engineer's opinion of whether the right of way should be vacated. The report should address:

1. Whether the county right of way should be vacated and abandoned;
2. Whether the county right of way is in use or has been in use;
3. The condition of the right of way;
4. Whether it is advisable to preserve all or a portion of the right of way for the county transportation system of the future;
5. Whether the public will be benefited by the vacation of the county right of way;

6. The appraised value of the county right of way or portion thereof proposed for vacation as well as the county road engineer's recommendation for compensation to be determined in accordance with the factors listed in K.C.C. 14.40.020.A.;

7.a. Whether the proposed county right of way to be vacated serves as access to property abutting the county right of way that is the subject of the vacation request; and

b. a recommendation for requiring access easements for all abutting properties as a condition of granting the vacation;

8.a. Whether the proposed county right of way to be vacated contains utilities; and

b. a recommendation for retaining an easement for the construction, repair and maintenance of public utilities and services that are authorized at the time the ordinance is adopted or are physically located on a portion of the right of way being vacated;

9. Other matters that may be of interest, including any fees charged under section 62.B. of this ordinance;

10. Whether the proposed area to be vacated abuts a body of salt or fresh water as set forth in RCW 36.87.130;

11. A list of property owners whose property abuts the county right of way or any portion thereof proposed for vacation who are not petitioners; and

12. If not waived in accordance with section 62.C. of this ordinance, a list of all costs incurred in preparing the report.
