The appropriation encumbered in this Expenditure Restriction ER4 shall be allocated as follows:

C. Up to \$100,000 shall be expended or encumbered solely for the department of local services to

provide translation services and conduct outreach to small businesses that may need translation services to inform the small businesses that translation services are available.

Of this appropriation, no funds shall be expended or encumbered to: (1) implement a garbage service change, whereby the frequency of garbage collection in the unincorporated area of the county would be reduced from every week to every other week; or (2) seek from the health officer, under BOH 10.08.050, in the board of health's solid waste regulations, approval of a different frequency of garbage removal in the unincorporated area than the current once-per-week removal, until the executive transmits a plan for community outreach related to the reduction in garbage service and a motion that approves the plan, and a motion approving a community outreach plan is passed by the council. The motion should reference the subject matter, the proviso's ordinance, ordinance section and proviso number in both the title and body of the motion.

The plan shall include, but not be limited to, a summary of how the solid waste division will communicate the proposed service reduction to affected residents and how public input will be collected, as well as the proposed number of public meetings to be held in each council district, the proposed dates and locations of the public meetings and how the meetings will be advertised.

The executive must file the community outreach plan and the motion required by this proviso in the form of a paper original and an electronic copy with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the committee of the whole, or its successor.

The intent of the plan is to divert flows from the landfill through recycling and by developing new uses to increase local demand.

In the development of the plan, the solid waste division shall consult with the following county divisions on potential options: road services; permitting; wastewater treatment; water and land resources; and parks and recreation.

The plan shall include, but not be limited to:

A. An evaluation of actions the county can take to expand and enhance the regional market for compost that is produced using the county's organics stream. The evaluation shall consider, but not be limited to:

1. Best practices and actions taken by cities and counties across the nation;

The contractor may also identify other technologies that may be feasible to accommodate the current and future projections for the amount and composition of the county's waste stream. The solid waste division must provide the county's waste tonnage forecast model to the contractor upon request and explain any assumptions.~~

~~The feasibility study shall include, but not be limited to:~~
