At a minimum, the contract should contain the specific identification of the responsibilities of the department and the entity providing inmate health services. These responsibilities include the incorporation of definition of medical necessity, scope of services, and development of utilization/cost/management data for adult jail health care. In addition, the contract should identify how the department will monitor the provision of contracted services and provide for the containment of inmate medical costs and departmental health related operational costs.

The intent of the council is that reductions should not be taken in the department's juvenile programs, community corrections

programs, personal recognizance screening programs or programs for notification of pending hearings, such as FAN. Further, it is the intent of the council that the department ensure that staff reductions are accomplished in a staggered manner to both ensure that operations are not inordinately impacted and that the department adheres to county labor policies and collective bargaining agreements related to the reduction of represented staff.
