The maximum number of FTEs for office of management and budget shall be: 0

P1 PROVIDED THAT:

Of this appropriation, \$185,000 may be expended only on annexation activities, and of this amount, \$100,000 shall not be expended until after the council reviews and approves by motion a vision and goals statement and an implementation plan for the annexation strategy. The vision and goals statement should clearly articulate what policy goals the annexation strategy will achieve, and should be supported by: (1) a description of the problem that is being addressed; (2) the reasons the county should expedite annexations and what benefits will be received; and (3) the rationale for using current expense fund and capital funds as incentives.

The implementation plan should include a management plan and organizational structure for the annexation strategy, including what new and existing resources will be used in 2004, 2005 and 2006. The plan should also outline a schedule of tasks proposed for the three-year period and show how the work is related to the 2004 Comprehensive Plan update. The implementation plan should also identify: (1) the criteria the executive will use to evaluate which areas should be annexed; (2) how the executive will identify and evaluate the feasibility of annexations and the fiscal impacts on the county as annexations occur; (3) a description of the plans for allocating capital reserves; and (4) how the executive will measure and report performance.

It is the express intent of the council that the subsequent appropriation of any reserve funds for the purpose of expediting annexations will be subject to the council's review of an analysis of the short-term and long-term fiscal and service impacts of the annexation. It is also the intent of the council to work with the executive to define a process for executive and council staff collaboration on annexation issues.

The vision and goals statement, implementation plan and motion required to be submitted by this proviso must be filed in the form of 15 copies with the clerk of the council, who will retain the original and will forward copies to each councilmember and to the lead staff for the committee of the whole or its successor.

The proposal shall include a detailed analysis of the costs, benefits and legal issues associated with transferring review authority and shall be accompanied by an ordinance proposing any code changes needed to establish the pilot program. The proposal shall be filed in the form of 15 copies with the clerk of the council, who will retain the original and will forward copies to each councilmember and to the lead staff of the growth management and unincorporated areas committee or its successor.

P3 PROVIDED FURTHER THAT:

Of this appropriation, \$50,000 shall only be expended or encumbered after the council has adopted a supplemental appropriations ordinance in 2004 associated with *State v. Ridgway* and Green River Homicides Investigation after consideration of the revised 2003 and 2004 *State v. Ridgway* and Green River Homicides Investigation budget plans as detailed below. The office of management and budget shall transmit to the council revised 2003 and 2004 budget plans, including agency plans, for *State v. Ridgway* and the Green River Homicides Investigation no later than January 22, 2004, together with a proposed supplemental appropriation ordinance making appropriate adjustments to the 2004 budget. If the plans are not submitted by that date, appropriation authority for this \$50,000 shall lapse and it shall revert to fund balance. The office of management and budget shall submit the 2003 and 2004 budget plans using the report format that the council adopted in Motion 11726. In addition to the expenditure, revenue and staffing information required by the adopted report format, these plans shall also include: (1) a description and schedule of the work plan for the remainder of the case and investigation; (2) a description of how and when each position and cost center will be reduced; and (3) a description of any revenue sources, including the schedule and requirements for receiving

the revenues and all possible alternative uses of the revenues.

Further, of this appropriation, \$50,000 shall only be expended or encumbered after the office of management and budget has transmitted quarterly reports on actual expenditures, revenue and staffing on the adopted report format to the council by April 30, July 30 and October 29, 2004, for the first, second and third quarter reports respectively. If any of these deadlines is missed, appropriation authority for this \$50,000 shall lapse and it shall revert to fund balance.

The plans and reports required to be submitted by this proviso must be filed in electronic format and in the form of 15 paper copies with the clerk of the council, who will retain the original and will forward paper copies to each councilmember and to the lead staff for the budget and fiscal management committee or its successor.

The results of this work should identify if the costs of these services are being fully recovered by the contracts. If not, the office of management and budget will work with the sheriff's office to study the viability of amending the contracts or scaling back the service and include this information in the required plan. The office of management and budget shall submit the results of this work to the council by June 15, 2004.

The plan should identify each service, the actual service level provided, and the direct and indirect costs of each service. This plan should be used to establish the base level of budgeting for the sheriff's unincorporated services, which, when combined with the sheriff's other contract work and regional responsibilities, should determine the whole of the sheriff office's budget. The office of management and budget shall submit this plan to the council by June 15, 2004
