Clerk 11/15/2016

AN ORDINANCE that adopts the 2017-2018 Biennial Budget and makes appropriations for the operation of county agencies and departments and capital improvements for the fiscal biennium beginning January 1, 2017, and ending December 31, 2018.

### PREAMBLE:

Despite the recent economic recovery, King County faces significant challenges on several fronts including a homelessness and housing affordability crisis, crumbling county roads and vastly underfunded public safety and courts systems. These challenges stem, in part, from the fact that the major revenue source for the county's general fund and roads fund grows more slowly than inflation; meanwhile, its population continues to surge and public demand for basic infrastructure, health, safety and justice intensifies. This budget endeavors to address these challenges and provides critical services for county residents through strategic reforms and innovations. But without timely action by federal and state governments, our public safety, transportation and public health infrastructure will continue to erode and the county's shelters, courts and public safety systems will continue to be overburdened.

This budget makes necessary investments and holds true to the values shared by residents in all parts of King County. We have chosen to invest scarce county resources based on a principle to do the least amount of harm while still saving sufficient reserves to maintain the county's AAA credit rating.

During the course of the 2017-2018 biennium, it is also the intent of the council to direct any unforecasted or otherwise unanticipated revenues to maintaining county roads, addressing inadequate public safety levels, and alleviating the burdens of our current homelessness and affordable housing crisis.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Findings: The council makes the following findings of fact:

A. King County government is responsible for providing a variety of services to all residents of the county. These include: regional services, such as criminal justice, public health, wastewater treatment, solid waste and transit; subregional services through contracts with many suburban cities for police protection, jail services and support for court services; and local services to unincorporated areas, such as sheriff protection, support for agriculture, roads, surface water management, local parks, and land use regulation.

B. Under the King County Charter, the metropolitan King County council sets policy and adopts budgets for the county. This 2017-2018 biennial budget for the county at just over \$11.3 billion with a \$1.6 billion general fund.

C. Fiscal restraint and increased efficiencies in internal services and operations enable the council to focus this budget on services and programs that support public safety, public health and well-being.

Addressing Homelessness and Affordable Housing. The current economic recovery has left significant portions of King County behind and homelessness continues to affect residents in every part of the county. This budget makes significant new investments in shelters and comprehensive services to help keep homeless individuals and families safe while helping them overcome barriers to securing permanent housing.

Maintaining Regional Public Safety and Court Services. This budget restores planned

reductions in the sheriff's office and increases the number of deputies serving the unincorporated areas. This budget also restores bookings at the Regional Justice Center and provides additional resources for public defense and prosecution. The council also continues its investment in legal aid and innovative housing and counseling programs.

Serving as a Local Government. This budget recognizes local government needs of our residents by diverting some more funds to the roads division and creating a new program for recreational activities in the unincorporated areas and across the county.

Providing Transit Service Countywide. This budget increases current levels of transit service by 300,000 hours. It also offers alternative transit services to right-size service options and help those communities most affected by recent service reductions. Additionally, the council ensured that the transit system continues to be accessible to less affluent segments of the population by improving the low-income fare and making more affordable the current discounted ticket program that is available for purchase by nonprofit agencies.

Fiscal responsibility. This budget continues to find efficiencies, as years of council direction, in partnership with the executive, have yielded reductions in the rates of increase of our overhead service costs. Every dollar saved through reduced overhead and administrative costs is another dollar that is available for direct services. Sufficient reserves in the county general fund are maintained and comprehensive financial management practices in the county's major funds are applied to maintain King County's AAA bond rating.

SECTION 2. Effect of proviso or expenditure restriction veto. It is hereby declared to be the legislative intent of the council that a veto of any proviso or expenditure restriction that conditions the expenditure of a stated dollar amount or the use of FTE authority upon the performance of a specific action by an agency shall thereby reduce the appropriation authority to that agency by the stated dollar or FTE amount.

SECTION 3. The 2017-2018 Biennial Budget is proposed and, subject to the provisions hereinafter set

forth and the several amounts hereinafter specified or so much thereof as shall be sufficient to accomplish the purposes designated, appropriations are hereby authorized to be distributed for salaries, wages and other expenses of the various agencies and departments of King County, for capital improvements, and for other specified purposes for the fiscal biennium beginning January 1, 2017, and ending December 31, 2018, out of the following funds of the county hereinafter named and set forth in the following sections.

SECTION 4. The fund appropriations are sums to cover merit pay and labor settlements. The county executive is authorized to distribute the required portions of these monies among the affected positions in each operating fund effective January 1, 2017. In the event the general wage increase is greater than the appropriations authorized herein or in this ordinance provided, all budgets shall be augmented as required from monies available to the county not otherwise appropriated in that case. An ordinance shall be transmitted by the executive to the council appropriating those funds by appropriation unit.
