2. All funds collected under this levy not designated for the city of Seattle are deposited into the county emergency medical services fund.
3. The Medic One emergency medical services system includes a tiered response system that includes basic life support services provided by fire department and fire district emergency medical technicians.
4. The county desires to disburse emergency medical services funds to the suburban cities and fire protection districts for the provision of basic life support services and must do so by executing new contracts with these jurisdictions.
5. The county desires to enter into multiyear contracts with these jurisdictions in order to facilitate the ability of the jurisdictions to maintain continuous insurance liability coverage.
