## AN ORDINANCE approving the Union Hill Water Association's Comprehensive

Water System Plan.

## STATEMENT OF FACTS:

1. King County has adopted K.C.C. chapter 13.24, which requires approval of comprehensive

plans for water and sewer utilities that provide service in unincorporated King County as a

prerequisite for operating in unincorporated King County, receiving approval for annexation

proposals, being granted right of way franchises, and being given approval for right of way

construction permits. K.C.C. chapter 13.24 prescribes the requirements for approval of such

plans, including consistency with state and local planning requirements.

2. The Union Hill water association's last comprehensive plan was prepared in 2005.

Washington state Department of Health and King County regulations require water plans to be updated every six years.

3. The Union Hill service area is within King County and the Union Hill Water Association has adopted a comprehensive plan update ("the plan").

4. King County has adopted a Comprehensive Plan that includes policies F-101 through F-254, the applicable portions of which address water policies for facilities and services; these water policies call for consistency with other adopted plans, pursuit of reclaimed water, water conservation and protection of water resources.

5. K.C.C. chapter 13.24 requires the utilities technical review committee to review and make a recommendation to the King County executive and council on the plan, the requirements under K.C.C. chapter 13.24 and consistency with the King County Comprehensive Plan. The utilities technical review committee has reviewed the planning data and system operations and has found:

a. The plan uses population and employment forecasts developed by the Puget Sound Regional Council and acknowledges the service area is rural;

b. The system's service area is in unincorporated King County;

c. The capital facility plan is adequate to meet anticipated facility and service needs;

d. The plan is consistent with applicable Washington state water quality laws; and

e. The plan is consistent with other pertinent county adopted plans and policies.

6. Washington state Department of Health approval is pending upon King County's approval of the plan.

7. Under the state Environmental Policy Act the Union Hill Water Association completed an environmental check list and King County issued a Determination of Nonsignificance for the

plan approval on January 13, 2015. There were no appeals.

8. The Union Hill Water Association's operations and facilities meet multiple existing statutory, administrative and planning standards. As the Union Hill Water Association's operations, facilities and planning meet the requirements of the King County Code and are consistent with the King County Comprehensive Plan, the utilities technical review committee has recommended approval of the plan.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. The Union Hill Water Association Comprehensive Water System

Plan, Attachment A to this ordinance, is hereby approved as a comprehensive water system plan.
