A MOTION approving the Independent Advanced Life Support (ALS) Study
Scope of Work as identified in the Medic One/Emergency Medical Services 2014
-2019 Strategic Plan.

WHEREAS, during the adoption of the 2014-2019 Emergency Medical Services Strategic Plan under Ordinance 17578 and in anticipation of the 2020-2025 Emergency Medical Services Strategic Plan, Emergency Medical Services Stakeholders agreed a more comprehensive process was needed to plan for the efficient allocation of advanced life support ("ALS") services, and

WHEREAS, language was added to the 2014-2019 Emergency Medical Services Strategic Plan requiring an independently-led study to analyze the service and costs for an optimal number, or range, of ALS providers in King County, and

WHEREAS, the study will review the current number of ALS providers, and units per provider, in King County, and

WHEREAS, the study will analyze the medical, operational and financial impacts that potentially changing the current number of either ALS providers or units per provider, or both, would have on the regional emergency medical services system, and

WHEREAS, the study will analyze a process for addressing changes to the current number of ALS providers, and

WHEREAS, the intent of the study is not to revamp the successional regional system or how ALS services are specifically provided, but rather to inform the next levy planning process, beginning in 2017, and

WHEREAS, the 2014-2019 Emergency Medical Services Strategic Plan, Recommendation 9 directed that the emergency medical services advisory task force, the regional policy committee and the King County council review and approve the study's scope of work, and

WHEREAS, the task force and the regional policy committee have reviewed and approved the scope of work;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

Having received notice of the approval of the emergency medical services advisory task force and the regional policy committee, the council approves the

Independent Advanced Life Support (ALS) Study Scope of Work, Attachment A to this motion.
