AN ORDINANCE requiring public benefits, such as affordable housing, related to the sale of real property to governmental agencies; and amending Ordinance 12045, Section 5, as amended, and K.C.C. 4.56.070 and Ordinance 12045, Section 10, as amended, and K.C.C.4.56.100 and declaring an emergency.

STATEMENT OF FACTS:

1. King County is in the midst of a housing crisis driven by the increasing costs of housing far outpacing the growth in personal disposable incomes.
2. On May 4, 2017, the Seattle Times reported that the median home prices in the Eastside of the county was \$880,000, in Seattle was \$722,250, in North King County was \$582,550, in Southeast King County was \$410,000 and in Southeast King County was \$386,500.

3. These increases represent between a 12.4 percent and 20.6 percent increases above the housing market prices from just one year before.
4. With a very robust local employment situation and a desirable region in which to live, these pressures do not seem likely to diminish in the short-run.
5. The current county code does not regularly result in county real property, which is surplus to its foreseeable needs and suitable for housing, to be used for affordable housing. While the county code surplus provisions for real property require the executive to first make available such real property for use as affordable housing, it has not resulted in a prioritization of that public benefit in the sale of the real property.
6. This ordinance will require public benefits, such as affordable housing, when the county engages in direct sales of surplus real property to another government. In addition to the county receiving compensation for the real property, in order to qualify for a direct sale, public benefits, such as affordable housing, must also be received.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Ordinance 12045, Section 5, as amended, and K.C.C. 4.56.070 are each hereby amended to read as follows:

A. The facilities management division shall, no later than the end of the first quarter of the calendar year, maintain and update a current inventory of all county titled real property with detailed information as to current departmental custodianship and as to the characteristics that determine its economic value and potential uses. However, all county roads shall be excluded from this section.

B. No later than April 1 of each calendar year, each department shall submit a report to the facilities management division on the status of all real property for which the department is the custodian and include in the report any change in use or status since the previous year's report.

C. County departments shall be required to report no later than April 1 of every year to justify departmental retention of all real property for which the department is the custodian to the facilities management division.

1. If in the judgment of the facilities management division a county department cannot justify the retention of real property for which it is the custodian or if a department determines that real property is surplus to its needs, the facilities management division shall determine whether any other county department has a need for the property that is related to the provision of essential government services, including, but not limited to, services for the public health, public safety or services related to transportation, water quality, surface water or other utilities. If the property is not needed for the provision of essential government services, the facilities management division shall, except if the property is sold under K.C.C. 4.56.100.A.12., then determine if the parcel is suitable for affordable housing. If it is deemed suitable for affordable housing the county shall first attempt to make it available or use it for affordable housing in accordance with K.C.C. 4.56.085 or 4.56.100. "Suitable for affordable housing" for the purpose of this section means the parcel is located within the Urban

Growth Area, zoned residential and the housing development is compatible with the neighborhood. If the property is not deemed suitable for the purposes described in this subsection C.1., then it shall be determined whether any other department has a need for the parcel.

2. If another department can demonstrate a need for the real property, custodianship of the real property shall be transferred to that department without any financial transaction between present and future custodial organizations, except as required by RCW 43.09.210, as amended, or under grants.

3. If another department cannot demonstrate a need for the real property, the real property shall be declared surplus to the future foreseeable needs of the county and may be disposed of as set forth in this chapter.

D. The facilities management division shall review and make recommendations to the executive for uses other than the sale of surplus real property before a decision by the executive to dispose of such properties through sale. Other possible uses that shall be considered by the division in accordance with this chapter are:

1. Exchanges for other privately or publicly owned lands that meet the county's land needs;
2. Lease with necessary restrictive covenants;
3. Use by other governmental agencies;
4. Retention by the county if the parcel is classified as floodplain or slide hazard property;
5. Use by nonprofit organizations for public purposes; ~~((and))~~
6. Long-term lease or sale for on-site development of affordable housing; and
7. A sale under K.C.C. 4.56.100.A.12.

E. The facilities management division in consultation with the department of community and human services shall, no later than July 1 of each year, submit a report to the council identifying surplus county real property suitable for the development of affordable housing. "Affordable housing" for the purpose of this chapter means residential housing that is rented or owned by a person:

1. Who is from a special needs population and whose monthly housing costs, including utilities other than telephone, do not exceed thirty percent of the household's monthly income; or
2. Who qualifies as a very low-income, low-income or moderate-income household as those terms are defined in RCW 43.63A.510.

F. A park or recreational facility located in a potential annexation area may be transferred to the city designated to annex the area in which the park or recreational facility is located without being subject to this section, but any such a transfer must require that the park or recreational facility shall be used in perpetuity for park or recreation purposes unless other equivalent lands or facilities within the county or the city are received in exchange therefore and the replacement lands or facilities are used in perpetuity for park or recreation purposes.

G. The facilities management division shall review and make recommendations to the county executive regarding the surplus of any property, property rights and rights in property that are acquired by the department of natural resources and parks in accordance with Ordinance 14699, Section 2, Ordinance 14699, Section 4, or ~~((7)) K.C.C. 4.56.080~~, no more than thirty days after receiving a written notice from the department of natural resources and parks that the property is surplus to the needs of siting or constructing the Brightwater wastewater treatment plant. Upon approval by the council of an ordinance authorizing the disposal of property acquired in accordance with Ordinance 14699, Section 2, Ordinance 14699, Section 4, or ~~((7)) K.C.C. 4.56.080~~, the facilities management division shall consult with the department of natural resources and parks to determine the timing for disposal of this property.

b. A sale shall not qualify under the exception in K.C.C. 4.56.100.A.12.a. unless:
