Land use permit decisions are classified into four types, based on who makes the decision, whether public notice is required, whether a public hearing is required before a decision is made and whether administrative appeals are provided. The types of land use decisions are listed in subsection E. of this section.

1. Type 1 decisions are made by the director, or his or her designee, ("director") of the department of permitting and environmental review ("department"). Type 1 decisions are nonappealable administrative decisions.

2. Type 2 decisions are made by the director. Type 2 decisions are discretionary decisions that are subject to administrative appeal.

3. Type 3 decisions are quasi-judicial decisions made by the hearing examiner following an open record hearing. Type 3 decisions may be appealed to the county council, based on the record established by the hearing examiner.

4. Type 4 decisions are quasi-judicial decisions made by the council based on the record established by the hearing examiner.

B. Except as provided in K.C.C. 20.44.120A.7. and 25.32.080 or unless otherwise agreed to by the applicant, all Type 2, 3 and 4 decisions included in consolidated permit applications that would require more than one type of land use decision process may be processed and decided together, including any administrative appeals, using the highest-numbered land use decision type applicable to the project application.

C. Certain development proposals are subject to additional procedural requirements beyond the standard procedures established in this chapter.

D. Land use permits that are categorically exempt from review under SEPA do not require a threshold determination (determination of nonsignificance ["DNS"] or determination of significance ["DS"]). For all other projects, the SEPA review procedures in K.C.C. chapter 20.44 are supplemental to the procedures in this chapter.

E. Land use decision types are classified as follow:

TYPE 1	(Decision by director, no administrative appeal)	Temporary use permit for a homeless encampment under K.C.C. 21A.45.010, 21A.45.020, 21A.45.030, 21A.45.040, 24A.45.050, 21A.45.060, 21A.45.070, 21A.45.080 and 21A.45.090; building permit, site development permit, or clearing and grading permit that is not subject to SEPA, that is categorically exempt from SEPA as provided in K.C.C. 20.20.040, or for which the department has issued a determination of nonsignificance or mitigated determination of nonsignificance; boundary line adjustment; right of way; variance from K.C.C. chapter 9.04; shoreline exemption; decisions to require studies or to approve, condition or deny a development proposal based on K.C.C. chapter 21A.24, except for decisions to approve, condition or deny alteration exceptions; approval of a conversion-option harvest plan; a binding site plan for a condominium that is based on a recorded final planned unit development, a building permit, an as-built site plan for developed sites, a site development permit for the entire site; <u>approvals for agricultural activities and agricultural support services authorized under section 15 of this ordinance.</u>
--------	--	---

TYPE 2 ^{1,2}	(Decision by director appealable to hearing examiner, no further administrative appeal)	Short plat; short plat revision; short plat alteration; zoning variance; conditional use permit; temporary use permit under K.C.C. chapter 21A.32; temporary use permit for a homeless encampment under K.C.C. 21A.45.100; shoreline substantial development permit ³ ; building permit, site development permit or clearing and grading permit for which the department has issued a determination of significance; reuse of public schools; reasonable use exceptions under K.C.C. 21A.24.070.B; preliminary determinations under K.C.C. 20.20.030.B; decisions to approve, condition or deny alteration exceptions under K.C.C. chapter 21A.24; extractive operations under K.C.C. 21A.22.050; binding site plan; waivers from the moratorium provisions of K.C.C. 16.82.140 based upon a finding of special circumstances.
TYPE 3 ¹	(Recommendation by director, hearing and decision by hearing examiner, appealable to county council on the record)	Preliminary plat; plat alterations; preliminary plat revisions.
TYPE 4 ^{1,4}	(Recommendation by director, hearing and recommendation by hearing examiner decision by county council on the record)	Zone reclassifications; shoreline environment redesignation; urban planned development; special use; amendment or deletion of P suffix conditions; plat vacations; short plat vacations; deletion of special district overlay.

¹ See K.C.C. 20.44.120.C. for provisions governing procedural and substantive SEPA appeals and appeals of Type 3 and 4 decisions to the council.

² When an application for a Type 2 decision is combined with other permits requiring Type 3 or 4 land use decisions under this chapter, the examiner, not the director, makes the decision.

³ A shoreline permit, including a shoreline variance or conditional use, is appealable to the state Shorelines Hearings Board and not to the hearing examiner.

⁴ Approvals that are consistent with the Comprehensive Plan may be considered by the council at any time. Zone reclassifications that are not consistent with the Comprehensive Plan require a site-specific land use map amendment and the council's hearing and consideration shall be scheduled with the amendment to the Comprehensive Plan under K.C.C. 20.18.040 and 20.18.060.

F. The definitions in K.C.C. 21A.45.020 apply to this section.

C. Within the urban growth area, substantive SEPA authority to condition or deny new development proposals or other actions shall be used only in cases where specific adverse environmental impacts are not addressed by regulations as set forth below or unusual circumstances exist. In cases where the county has adopted the following regulations to systematically avoid or mitigate adverse impacts, those standards and regulations will normally constitute adequate mitigation of the impacts of new development: K.C.C. chapter 9.04, Surface Water Runoff Policy, K.C.C. chapter 9.08, Surface Water Management Program, K.C.C. chapter 9.12, Water Quality, K.C.C. chapter 14.42, King County Road Standards, K.C.C. chapter 16.82, Clearing and Grading, K.C.C. chapter 21A.12, Development Standards - Density and Dimensions, K.C.C. chapter 21A.14, Development Standards - Design Requirements, K.C.C. chapter 21A.16, Development Standards - Landscaping and Water Use, K.C.C. chapter 21A.18, Development Standards - Parking and Circulation, K.C.C. chapter 21A.20, Development Standards - Signs, K.C.C. chapter 21A.22, Development Standards - Mineral Extraction, K.C.C. chapter 21A.24, Critical Areas, K.C.C. chapter 21A.26, Development Standards - Communication Facilities, K.C.C. chapter 21A.28, Development Standards - Adequacy of Public Facilities and Services.

Unusual circumstances related to a site or to a proposal, as well as environmental impacts not mitigated by the

regulations listed in this subsection, will be subject to site-specific or project-specific SEPA mitigation.

This subsection shall not apply if the county's development regulations cited in this subsection are amended after April 22, 1996, unless the amending ordinance contains a finding, supported by documentation, that the requirements for environmental analysis, protections and mitigation measures in this chapter, provide adequate analysis of and mitigation for the specific adverse environmental impacts to which the requirements apply.

D. Outside the urban growth area, in the course of project review, including any required environmental analysis, the responsible official may determine that requirements for environmental analysis, protection and mitigation measures in the county's development regulations or comprehensive plans adopted under chapter 36.70A RCW and in other applicable local, state or federal laws and rules provide adequate analysis and mitigation for specific adverse environmental impacts of the project, if the following criteria are met:

1. In the course of project review, the responsible official shall identify and consider the specific probable adverse environmental impacts of the proposed action and then make a determination whether these specific impacts are adequately addressed by the development regulations. If they are not, the responsible official shall apply mitigation consistent with the applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan or other local, state or federal rules or laws; and

2. The responsible official bases or conditions its approval on compliance with these requirements or mitigation measures.

E. Any decision to approve, deny or approve with conditions pursuant to RCW 43.21C.060 shall be contained in the responsible official's decision document. The written decision shall contain facts and conclusions based on the proposal's specific adverse environmental impacts, or lack thereof, as identified in an environmental checklist, EIS, threshold determination, other environmental document including an executive department's staff report and recommendation to a decision maker, or findings made pursuant to a public hearing authorized or required by law or ordinance. The decision document shall state the specific plan, policy

or regulation that supports the SEPA decision and, if mitigation beyond existing development regulations is required, the specific adverse environmental impacts and the reasons why additional mitigation is needed to comply with SEPA.

F. This chapter shall not be construed as a limitation on the authority of King County to approve, deny or condition a proposal for reasons based upon other statutes, ordinances or regulations.

SECTION 21. Severability. If any provision of this ordinance or its application to any person or circumstance is held invalid, the remainder of the ordinance or the application of the provision to other persons or circumstances is not affected.
