ER2 EXPENDITURE RESTRICTION:

Of this appropriation, \$400,000 shall be expended or encumbered solely to contract with a King County nonprofit organization that pays bail for indigent individuals who would otherwise spend their pretrial time in jail, unnecessarily burdening the county with additional costs to incarcerate those individuals.

ER3 EXPENDITURE RESTRICTION:

Of this appropriation, \$75,000 shall be expended or encumbered solely to support the King County Sexual Assault Resource Center for a technology project.

ER4 EXPENDITURE RESTRICTION:

Of this appropriation, \$150,000 shall be expended or encumbered solely to support The Lighthouse for the Blind, Inc., for program expansion that would serve King County residents with visual impairment.

ER5 EXPENDITURE RESTRICTION:

Of this appropriation, \$19,500,000 shall be expended or encumbered solely to support the following programs to ultimately serve individuals adversely impacted by the COVID-19 pandemic: a food security grant program; a housing and rental assistance program; economic support to businesses responding to the COVID-

19 public health emergency; a legal services program that focuses on COVID-19-related issues including eviction prevention and foreclosure defense; and a relief program for shelter and housing providers that support homeless individuals. The appropriation encumbered in this Expenditure Restriction ER5 shall be used as follows:

A. At least \$2,000,000 shall be expended or encumbered solely to support the food security grant program that shall award grants or select providers to those organizations with board members and employees who represent those communities disproportionately impacted by the health and economic impacts of the COVID-19 health emergency. The food security program shall ensure that grantees provide to program recipients options to acquire culturally appropriate foods that may be difficult to secure through traditional stores;

B. At least \$4,000,000 shall be expended or encumbered solely to support the housing and rental assistance program that shall award grants or select providers to those organizations with board members and employees who represent those communities disproportionately impacted by the health and economic impacts of the COVID-19 public health emergency; and

C. At least \$1,000,000 shall be expended or encumbered solely to support the legal services program that focuses on COVID-19 related issues including eviction prevention and foreclosure defense.

ER6 EXPENDITURE RESTRICTION:

Of this appropriation, \$133,000 shall be expended or encumbered solely to support Sightlife, the only corneal transplant provider in the state of Washington, for COVID-19-related increased costs resulting from business interruptions and implementations of COVID-19 mitigation measure to ensure continued tissue donation and recovery operations.

ER7 EXPENDITURE RESTRICTION:

Of this appropriation, \$900,000 shall be expended or encumbered solely to support one or more programs in the county but not including the city of Seattle, to reduce the level of contact spreading of COVID-

19 among individuals who have committed certain law violations by diverting them from possible incarceration and providing short-term shelter, community-based care coordination and support services instead of processing them through the traditional criminal justice system. The moneys provided by this appropriation shall not be conditioned on referral by police or law enforcement.

ER8 EXPENDITURE RESTRICTION:

Of this appropriation, \$1,750,000 shall be expended or encumbered solely to support a program to support victims of domestic violence and sexual violence, which has increased due to the COVID-19 public health emergency. The support provided to victims may include, but not be limited to, legal aid and advocacy. The program shall be required to consider and address strategies, in the program's implementation and the program's awards or provider selections, to address those historically disadvantaged communities that have been disproportionately impacted by inequities and discrimination.

ER9 EXPENDITURE RESTRICTION:

Of this appropriation, \$4,000,000 shall be expended or encumbered solely to support a Public Defender Association-led program through December 30, 2020, to provide temporary lodging and other COVID-19 related support services to enable compliance with COVID-19 public health precautions for those vulnerable persons living unsheltered.

In response to the COVID-19 public health emergency, the program will provide funding for deintensification of existing shelter facilities and hotel vouchers to those vulnerable populations living without shelter in the city of Seattle's Pioneer Square and Chinatown-International District neighborhoods ("program participants"). In administering the program, the Public Defender Association shall contract with high-quality and culturally competent service providers for COVID-19 related behavioral health services as part of the implementation of the demonstration program.

The program is expected to respond to current COVID-19 conditions, including: (1) the reduction of congregate shelter capacity due to the closure and deintensification of shelters in the Pioneer Square and the

Chinatown-International District neighborhoods that has led to an increased number of unsheltered persons in those neighborhoods; (2) the reduction of hours and accessibility to both physical and behavioral health providers for that vulnerable population; and (3) difficulty in accessing federal and state provided economic relief assistance by program participants due to required closures of government and service provider offices.

The program elements include, the following: (1) providing rapid assessment of program participants; (2) securing rooms for temporary lodging in underutilized hotels to be used by program participants through the earlier of the end of public health emergency in King County or December 30, 2020; (3) providing access to hygiene facilities to program participants to facilitate compliance with COVID-19 public health precautions; (4) providing intensive case management for program participants designed specifically to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions; and (5) administrative costs associated with services to program participants for opportunities to transition them to permanent supportive housing.

ER10 EXPENDITURE RESTRICTION:

Of this appropriation, \$900,000 shall be expended or encumbered solely to provide emergency assistance that will address unmet need related to or resulting from COVID-19 impacts in the nine council districts of \$100,000 in each district as distributed to the following organizations:
