Date	Ver.	Action By	Action	Result
9/5/2006	1	Metropolitan King County Council	Passed	Pass
8/28/2006	1	Metropolitan King County Council	Introduced and Referred	

A MOTION declaring the intent of the King County council to approve by June 1, 2009, an ordinance to submit a proposed charter amendment to King County voters concerning an elected county auditor and requesting recommendations from a charter review commission on certain matters related to an elected auditor.

WHEREAS, the duty of supervising elections in King County has been assigned to the director of the department of records and elections, now the records, elections and licensing services division of the department of executive services of King County, a nonelective office, since the charter was established in 1969, and

WHEREAS, in its March 2006 Report on King County Elections, the citizens' election oversight committee recommended, as one of its top six recommendations, that elections in King County be conducted by a non-partisan elected county auditor, and

WHEREAS, in its February 28, 2006, Final Report, the King County independent task force on

elections recommended having an elected auditor and that the charter review commission to be appointed in 2006 consider the issue of an elected versus an appointed county auditor, and

WHEREAS, on June 19, 2006, the county council adopted Ordinance 15523, authorizing vote-by-mail elections in King County beginning in 2007 or 2008 after certain conditions have been met, including the appointment and confirmation of a director of records, elections and licensing services and a superintendent of elections, and

WHEREAS, proposing a charter amendment to provide for an elected auditor to the voters this year will likely hinder the county's ability to immediately appoint and confirm a well-qualified professional for the position of director of records, elections and licensing services who can ensure continued implementation of critical, time-sensitive recommendations from the independent task force on elections, the Elections Center and the citizens' election oversight committee;

NOW, THEREFORE, BE IT MOVED by the Council of King County:

A. It is the intent of the King County council to approve by June 1, 2009, an ordinance submitting a proposed charter amendment to King County voters at the general election on November 3, 2009, asking the voters if the office of elected county auditor responsible for voter registration and for conducting general and special elections in the county, should be established.

B. Upon the formation of a charter review commission in 2006, the commission is requested to evaluate and make recommendations on whether the office of elected auditor should be partisan or nonpartisan, and what specific functions, if any, besides

voter registration and conducting general and special elections should be under the administration of the elected auditor.
