AN ORDINANCE relating to the SeaShore Transportation Forum authorizing the executive to enter into an agreement for its continuation and committing to King County staff support through 2012.

### STATEMENT OF FACTS:

1. King County and the cities in King County have a long history of multijurisdictional transportation planning and have found that benefits can be achieved by multijurisdictional coordination, including a cooperative approach to planning, financing, and construction of needed transportation improvements.
2. The King County Public Transportation Long Range Policy Framework, adopted in 1993, divided Metro transit service into three geographic subareas for the purpose of allocating new

transit service subsidy, and the Six-Year Transit Development Plan, adopted in 2002, calls for the three subarea transportation boards, the Eastside Transportation Partnership, the South County Area Transportation Board and the SeaShore Transportation Forum, to review, to refine and to recommend service priorities to the King County executive.

3. The SeaShore Transportation Forum has functioned in this role for the past fifteen years, providing input on various transportation projects and policies.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. King County approves the agreement in substantially the form attached to this ordinance, for the SeaShore Transportation Forum. The agreement:

A. Commits to continued staff support for its continuation through 2012.

B. Confirms its responsibilities for King County, including providing policy direction for the subarea on the following issues:

1. Development of the Six-Year Transit Development Plan;
2. Implementation of transit service priorities; and
3. Additional transportation recommendations called for by the board.

C. Acknowledges that Sound Transit considers the SeaShore Transportation Forum and other subarea transportation boards as information sharing forums for Sound Transit and specifically requires consideration of subarea board approval of changes to the Sound Move Plan as one of six criteria in making a determination about changes.

D. Acknowledges that other transportation agencies may use their boards as tools for sharing information and gathering input.

E. Allows for the consideration of additional transportation issues as determined by SeaShore Transportation Forum; and

F. Authorizes the executive to enter into this agreement to further the purpose of this board.
