2.68.085, adding a new section to K.C.C. chapter 2.68, recodifying K.C.C.

2.68.060 and decodifying K.C.C. 2.68.050 and 2.68.300.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

SECTION 1. Ordinance 9282, Section 1, and K.C.C. 2.68.010 are each hereby amended to read as follows:

Authority of the presiding judge. The King County district courts shall be administered by a presiding judge elected according to ~~((the provisions of))~~ ARLJ5. The powers and duties of the presiding judge shall be those ~~((set forth))~~ in ARLJ5(b) and shall specifically include the power to temporarily reassign judges from one electoral district to another ~~((in order))~~ to ~~((assure))~~ ensure the expeditious and efficient handling of all cases and equal distribution of the workload among the several judges.

SECTION 2. Ordinance 4549, Section 3, as amended, and K.C.C. 2.68.020 are each hereby amended to read as follows:

Division of probation. There is established a division of probation responsible for providing probation services to the King County district courts. ~~((Such))~~ The division of probation shall be administered by the district court presiding judge, supervised by a division director~~((;))~~ and funded in the same manner as the district courts. Existing employees of the corrections division of the department of rehabilitative services who are transferred to the division of probation and who were county career service employees on the effective date of ~~((such))~~ the transfer shall be provided with employment rights at least equivalent to those which they were accorded under the career service system, as established by Article 5 of the King County charter. Employees of the division of probation who are hired after the effective date of the transfer shall be exempt from the career service, as defined by Section 550 of the King County charter.

SECTION 3. K.C.C. 2.68.050 is hereby decodified.

SECTION 4. Ordinance 89935, Section 3, and K.C.C. 2.68.060 are each hereby amended to read as follows:

Purpose and ~~((F))~~intent.

A. The King County council finds that a unified, countywide district court, utilizing existing court facilities as satellites, while at the same time supporting the concept of local filing and handling of cases, would provide for a more equitable and cost effective system of justice for the citizens of King County. It further recognizes its function to serve municipal courts and the continuation of contract municipal courts within the district court facilities where occurring, located as close to the municipality as possible. It is the intent of council to establish such a unified district court system.

B. The council has received the ~~((D))~~districting ~~((C))~~committee report dated September 28, 1988, which unanimously recommended to the council the concept of a unified single district court. The council finds that the interest and welfare of the public would be best served by a unified single district court. This would provide the best institutional setting for district courts. While recognizing and respecting the constitutional separation of power, the council would encourage the court to continue moving forward, under the administrative authority of a strong presiding judge, ~~((pursuant to Justice Court Administrative Rule No. 5,~~
~~))~~ to achieve and enhance equity in policies, uniform court rules, forms and administrative procedures, standard personnel classification and procedures, flexibility for judicial assignments in order to balance the workload of the various satellite facilities, and achieve overall cost savings where found appropriate through centralization and consolidation of facilities, personnel and case assignments.

SECTION 5. K.C.C.2.68.060, as amended by section 4 of this ordinance, should be recodified as K.C.C. 2.68.005.

SECTION 6. Ordinance 8935, Section 4, as amended, and K.C.C. 2.68.070 are each hereby amended to read as follows:
