The executive shall electronically file each quarterly corrections officer vacancy report with the clerk of the council, who shall retain an electronic copy and provide an electronic copy to all councilmembers, the council chief of staff, and the lead staff for the law, justice, health and human services committee or its successor.

P3 PROVIDED FURTHER THAT:

Of this appropriation, \$300,000 shall not be expended or encumbered until the executive transmits a report on programming for adults in detention and a motion that should acknowledge receipt of the report and a motion acknowledging receipt of the report is passed by the council. The motion should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the motion.

The report shall include, but not be limited to, the following:

- A. A description of programming available at each King County adult detention facility at the time of

the report, including the types of programs available, how often they are available, the program capacity, which detention residents are eligible to participate, how many detention residents participate, any costs associated with administering each program and any evaluations of the programs;

B. A calculation of approximately how many hours of life-skill building or therapeutic support programming, or other out of cell social activities, are available per detention resident per day at the time of the report and of how many additional hours of programming or activities would be needed to provide approximately one hour of programming per adult detention resident per day, based on the average daily population of adults in detention in King County;

C. A study of successful life-skill and therapeutic support programming models at adult detention facilities across the United States, including adult detention facilities experiencing staffing shortages and limited financial resources similar to King County adult detention facilities, and a description of best practices and lessons learned from such models as well as from data and recommendations offered by national corrections organizations including, but not limited to, the National Institute of Justice and National Institute of Corrections;

D. A discussion of the levels of staffing, capacity of program providers and facility requirements needed in King County adult detention to: (1) align adult detention programming with national best practices; and (2) accommodate a level of adult programming equivalent to approximately one hour of life-skill building or therapeutic support programming per adult detention resident per day to ensure similar standards are met for all individuals in detention throughout King County;

E. A discussion of the estimated cost and other considerations that would be needed to secure the incremental difference between the requirements identified in subsection D. of this proviso and the resources available at the time of the report; and

F. Identification and provision of a list of near-term, actionable next steps to increase the availability of life-skill building and therapeutic support programming for adults in detention to mitigate the lack of

programming and excessive time in cell isolation brought about by staffing shortages, knowing that staffing shortages will not be significantly mitigated in the near term. In prioritizing near-term actions, the executive should consider the urgency of mitigating the impacts to adults in detention of ongoing staff shortages that result in some residents spending a significant amount of time in their cells each day and seek ways to reduce isolation and potential health impacts to residents in detention that may have resulted in King County jail having the highest national death rate by both suicide and natural causes.

The executive should electronically file the report and motion required by this proviso no later than ((~~June 30, 2023~~)) November 30, 2023, with the clerk of the council, who shall retain the original and provide an electronic copy to all councilmembers, the council chief of staff, and the lead staff for the law, justice, health and human services committee or its successor.

Each motion should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the motion. Upon passage of each motion, \$500,000 is released for encumbrance or expenditure.

A.1. There has been an increase in reported safety incidents, illegal activity, vandalism and littering on buses, as well as at and around transit stops and transit centers in many areas of King County. The Metro transit department's safety, security and fare enforcement ("SaFE") reform initiative implementation report, which was approved by the King County council through Motion 16128, established a goal of safe, accessible and equitable transit that is cocreated to support community well-being. To achieve that goal, the Metro transit department must engage local communities in a cocreative and collaborative approach, utilizing community organizing efforts and community ambassadors to coordinate safety efforts in the areas around transit stops and transit centers with communities, including stakeholders and leaders, residents, community-based organizations, local businesses, public agencies and jurisdictional partners.

2. For the purposes of this proviso, the cocreative and collaborative approach to transit safety and security issues shall be referred to as the SaFE reform community ambassador effort.

3. For the purposes of the reports required by this proviso, the SaFE reform community ambassador

effort shall be focused in the following areas:

- a. the Aurora Village transit center;
- b. the Burien transit center;
- c. transit stops in the Skyway-West Hill community service area;
- d. transit stops on Third Avenue in Seattle between South Main Street and Broad Street;
- e. transit stops in the Chinatown/International District and Little Saigon;
- f. transit stops near Twenty-third Avenue South and South Jackson Street in Seattle; and

g. other areas in which the level of safety incidents, illegal activity, vandalism or littering, either on buses or at and around transit stops and transit centers, as determined by the Metro transit department, indicates a need for improvement to foster greater community safety and security.

B. The SaFE reform community ambassador scoping report shall include, but not be limited to, the following:

1. A description of the number and purposes of meetings to address transit safety, security, cleanliness or SaFE reform initiative implementation, which Metro transit department staff led or attended or which were led or attended by representatives of community-based organizations under contract to King county, in the areas listed in subsection A.3. of this proviso;

2. Identification of the community stakeholders and leaders, residents, community-based organizations, local businesses, public agencies and jurisdictional partners that participated in the meetings identified in response in subsection B.1. of this proviso; and

3. Narratives describing the following: how follow-up activities were addressed, methods used to ensure that issues regarding all or any areas listed in subsection A.3 of this proviso were communicated to the respective participants in the meetings described in subsection B.1. of this proviso, how strategies from the SaFE reform initiative implementation report approved by Motion 16128 have been implemented and what resources, such as community ambassadors to support safety and security or measures to increase cleanliness at

and around transit stops and transit centers, have been deployed.

C. The SaFE reform community ambassador results report, analyzing the impacts of the efforts in the areas listed in subsection A.3. of this proviso, shall include comparative data by which the Metro transit department can determine if there is a measurable benefit gained by implementing SaFE reform initiative strategies, including community ambassadors and community organizing efforts. The data should include, but not be limited to, a summary of system-wide trends in safety incidents and illegal activities on buses and at transit centers and transit stops year-over-year from June 2018 through June 2023, as well as specific trend data for the areas listed in subsection A.3. of this proviso, and information on the Metro transit department's activities or efforts to maintain cleanliness at and around transit centers and transit stops in the areas listed in subsection A.3. of this proviso.

The executive should electronically file the SaFE reform community ambassador scoping report and motion required by this proviso no later than December 31, 2023, and the SaFE reform community ambassador results report and the motion required by this proviso no later than June 20, 2024, with the clerk of the council, who shall retain an electronic copy and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the law, justice, health and human services committee or its successor.

P3 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits a transit stops and centers cleanliness effort report and a motion that should acknowledge receipt of the report, and a motion acknowledging receipt of the report is passed by the council. The motion should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the motion. The report shall include information about cleaning practices at transit stops and transit centers, including at transit center garages, including but not limited to:

A. A description of the current standards used by the Metro transit department for cleaning of transit stops and transit centers, including transit center garages;

B. A description of how cleaning activities have or have not met those standards from January 2021 to the present;

C. A description of strategies that will be used or additional resources that are needed for the Metro transit department to meet the standards for the cleaning of transit stops and transit centers, including transit center garages; and

D. A projected timeline for meeting the standards for the cleaning of transit stops and transit centers, including transit center garages, including, if the standards cannot be met without the additional resources described in response to section C. of this proviso, the projected timeline for meeting the standards once those additional resources are available.

The executive should electronically file the transit stops and centers cleanliness effort report and motion required by this proviso no later than May 25, 2023, with the clerk of the council, who shall retain an electronic copy and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the transportation, economy and environment committee or its successor.

P4 PROVIDED FURTHER THAT:

A. Of this appropriation, \$500,000 shall not be expended or encumbered until the executive, first, provides a briefing for the regional transit committee or its successor on progress on the planning and design of the RapidRide K and R lines, and second, including in the RapidRide prioritization plan, which is required by Ordinance 19376, information required by this proviso on the progress on the planning and design of the RapidRide K and R lines. The day after the briefing required by this proviso is given, \$250,000 shall be released for encumbrance or expenditure. Upon passage of the motion accepting the transmitted RapidRide prioritization plan, \$250,000 shall be released for encumbrance or expenditure.

B. The Metro transit department should provide a briefing to the regional transit committee or its successor no later than November 30, 2023, on progress on the planning and design of the RapidRide K and R lines. The briefing shall include, but not be limited to, the following information for each RapidRide line:

1. The efforts taken during 2023 to advance planning and design, including an estimate of the current level of design;
2. Tasks planned to be undertaken during 2024 to advance planning and design;
3. Engagement and coordination efforts with community stakeholders, local jurisdictions and agency partners on planning and design efforts, including on the development of a recommended alignment;
4. The status of and planned timeline for environmental review;
5. The status of and planned timeline for preparation and submittal of grant applications; and
6. The anticipated timeline for major project milestones, including estimates for the start of construction and the start of service.

C. Ordinance 19367 requires the executive to transmit a RapidRide prioritization plan by June 30, 2024, for acceptance by motion, that will organize RapidRide candidate lines into tiers by their priority and potential timeframe for implementation. The Metro Connects long-range plan that was adopted by Ordinance 19367 states that the RapidRide K line and the RapidRide R line have been identified as the next RapidRide lines to be implemented and therefore have already been prioritized. However, to provide a comprehensive overview of the Metro transit department's efforts in planning for and developing future RapidRide lines, the RapidRide prioritization plan, as transmitted, should include not only the information required by Metro Connects and Ordinance 19367, but also an update on the status of the planning and design of the RapidRide K and R lines. Therefore, the RapidRide prioritization plan shall include information on the RapidRide K and R lines including but not be limited to, the following information for each RapidRide line:

1. The efforts that have been undertaken or are planned to be undertaken during 2023 and 2024 to advance planning and design, including an estimate of the current level of design;
2. Tasks planned to be undertaken during 2025 and 2026 to advance planning and design;
3. Engagement and coordination efforts with community stakeholders, local jurisdictions and agency partners on planning and design efforts, including on the development of a recommended alignment;

4. The status of and planned timeline for environmental review;
5. The status of and planned timeline for preparation and submittal of grant applications; and
6. The anticipated timeline for major project milestones, including estimates for the start of construction and the start of service.

P5 PROVIDED FURTHER THAT:

~~((Of this appropriation, \$2,000,000 shall not be expended or encumbered until the executive transmits four transit riders now reports in accordance with this proviso. Each transit riders now report shall describe the recommended additions, reductions or restructures to transit service proposed for the respective fall 2023, spring 2024, fall 2024 and spring 2025 transit service changes that in accordance with the Metro transit department's service plan indicates, at least the next two biennia, to occur twice a year in the spring and fall. Therefore, each report shall be accompanied by a proposed ordinance that would approve the transit service changes to implement the recommendations in the report. Each ordinance should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the ordinance. Upon adoption of each ordinance, \$500,000 is released for encumbrance or expenditure.~~

~~A. Over the last several years, the Metro transit department has implemented a series of transit service reductions and restorations using the emergency powers in K.C.C. 28.94.020.B.2.a. to respond to the changing operational needs, ridership patterns and staffing levels that have resulted from the COVID-19 pandemic. The proposed 2023-2024 biennial budget would appropriate funding for one hundred ninety-one thousand four hundred annual transit service hours in addition to the service offered in October 2022. The additional transit service hours are proposed to be added gradually as part of the fall 2023, spring 2024 and fall 2024 service changes. More service is expected to be added as part of the spring 2025 service change. It is imperative that the additional transit service reflect the needs of current transit riders, by responding to changing ridership patterns, Metro transit department staffing levels, available funding, changes made by the city of Seattle, Sound Transit or other agency partners and the King County Metro Service Guidelines and Metro Connects long-range~~

~~plan adopted by Ordinance 19367.~~

~~B. Each of the four transit riders now report shall include recommendations for transit service that would be implemented by the accompanying service change ordinance. These recommendations shall be based on, but not limited to, the following, and the report shall provide:~~

~~1. An analysis of ridership patterns, ridership levels and route productivity using current route-level ridership information, as well as data from the most recent annual system evaluation report required by Ordinance 19367 and the performance measurement dashboard required by Ordinance 19367;~~

~~2. A description of Sound Transit Link light rail system extensions, transit service purchases by the City of Seattle and other changes by agency partners that could affect transit service provided by the Metro transit department;~~

~~3. An analysis of how the report's recommendations comport with the King County Metro Service Guidelines adopted by Ordinance 19367, including the priorities and criteria to be considered for additions to transit service, the factors to be considered for reductions to transit service and the process to be followed for restructures to transit service;~~

~~4. An analysis of how the report's recommendations will advance the Metro Connects long-range plan adopted by Ordinance 19367, specifically the plan to implement the Metro Connects interim network; and~~

~~5. An analysis of any constraints that limit additions to the transit service for the corresponding proposed transit service change ordinance, including, but not limited to, staffing shortages, funding limitations or the Metro Connects funding gap described in the Metro Connects long-range plan adopted by Ordinance 19367 and the Metro Connects implementation report accepted by Motion 16155.~~

~~The executive should electronically file the fall 2023 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than March 2, 2023, the spring 2024 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than August 3, 2023, the fall 2024 Transit Riders Now Report and the accompanying~~

Of this appropriation, \$2,000,000 shall not be expended or encumbered until the executive transmits four transit riders now reports in accordance with this proviso. Each transit riders now report shall describe the status of the transit system and all recommended additions, reductions, or restructures to transit service that meet the threshold for council approval under K.C.C. 28.94.020.B. proposed for the respective fall 2023, spring 2024, fall 2024, and spring 2025 transit service changes that in accordance with the Metro transit department's service plan indicates, at least the next two biennia, to occur twice a year in the spring and fall. Each report shall also describe all recommended additions, reductions, or restructures to transit service made in the service change immediately preceding the respective service change using the administrative powers in K.C.C. 28.94.020.B.1 or the emergency powers in K.C.C. 28.94.020.B.2.a. Each report that describes recommended additions, reductions, or restructures that meet the threshold for council approval under K.C.C. 28.94.020.B. shall be accompanied by a proposed ordinance that would approve the transit service change. Each ordinance should reference the subject matter, the proviso's ordinance number, ordinance section, and proviso number in both the title and body of the ordinance. Upon filing each transit riders now report, or adoption of each ordinance if a proposed ordinance accompanies the report, \$500,000 is released for encumbrance or expenditure.

A. Over the last several years, the Metro transit department has implemented a series of transit service reductions and restorations using the emergency powers in K.C.C. 28.94.020.B.2.a. to respond to the changing operational needs, ridership patterns, and staffing levels that have resulted from the COVID-19 pandemic. The 2023-2024 biennial budget appropriates funding for one hundred ninety-one thousand four hundred annual

transit service hours in addition to the service offered in October 2022. The additional transit service hours are proposed to be added gradually as part of the fall 2023, spring 2024, and fall 2024 service changes. More service is expected to be added as part of the spring 2025 service change. It is imperative that the additional transit service reflect the needs of current transit riders, by responding to changing ridership patterns, Metro transit department staffing levels, available funding, changes made by the city of Seattle, Sound Transit or other agency partners, and the King County Metro Service Guidelines and Metro Connects long-range plan adopted by Ordinance 19367. The Metro Service Recovery Plan approved by Ordinance 19581 indicates that the Metro transit department is unlikely to implement major, as defined by the Metro transit department for the purposes of reporting to the Federal Transit Administration, service changes in 2023. The Metro transit department may implement additional transit service reductions to match its current operational capacity using the emergency powers in K.C.C. 28.94.020.B.2.a. or the administrative powers in K.C.C. 28.94.020.B.1. It is imperative that any transit service changes made using the administrative or emergency powers in K.C.C. 28.94.020.B. reflect the needs of current transit riders, as well as to Metro transit department staffing levels and available funding.

B. If a transit riders now report is accompanied by a service change ordinance, the report shall include recommendations for transit service that would be implemented by the accompanying service change ordinance. The recommendations shall be based on, but not limited to, the following, and the report shall provide:

1. An analysis of ridership patterns, ridership levels, and route productivity using current route-level ridership information, as well as data from the most recent annual system evaluation report required by Ordinance 19367 and the performance measurement dashboard required by Ordinance 19367;

2. A description of Sound Transit Link light rail system extensions, transit service purchases by the city of Seattle, and other changes by agency partners that could affect transit service provided by the Metro transit department;

3. An analysis of how the report's recommendations comport with the King County Metro Service

Guidelines adopted by Ordinance 19367, including the priorities and criteria to be considered for additions to transit service, the factors to be considered for reductions to transit service, and the process to be followed for restructures to transit service;

4. An analysis of how the report's recommendations will advance the Metro Connects long-range plan adopted by Ordinance 19367, specifically the plan to implement the Metro Connects interim network; and

5. An analysis of any constraints that limit additions to the transit service for the corresponding proposed transit service change ordinance, including, but not limited to, staffing shortages, funding limitations, or the Metro Connects funding gap described in the Metro Connects long-range plan adopted by Ordinance 19367 and the Metro Connects implementation report accepted by Motion 16155.

C. If a transit riders now reports is not accompanied by a service change ordinance, the report shall include:

1. An analysis of the constraints that have prevented the Metro transit department from proposing a major service change, including, but not limited to: staffing shortages, fleet or equipment shortages, funding limitations, or delays in partner agency transit expansions; a description of the Metro transit department's progress in implementing the Metro Service Recovery Plan approved by Ordinance 19581; and a description of the Metro transit department's plans and actions to address the identified constraints;

2. A description of the Metro transit department's level of service delivery during the six months preceding the due date of the transit riders now report, including the average weekly percentage of scheduled transit service trips that could not be delivered; and

3. If the Metro transit department has responded to its shortfalls in operational capacity by making additional service reductions, using either the administrative powers in K.C.C. 28.94.020.B.1. or the emergency powers in K.C.C. 28.94.020.B.2.a., a description of the additional service reductions, including, but not limited to: a summary of service hours reduced in each mobility project area identified in the Metro Service Recovery Plan approved by Ordinance 19581; an analysis of how the additional service reductions have affected the

Metro transit department's need for daily or weekly service cancellations; and a description of the Metro transit department's plans to restore these additional service reductions.

The executive should electronically file the fall 2023 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than March 2, 2023, the spring 2024 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than August 3, 2023, the fall 2024 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than March 7, 2024, and the spring 2025 Transit Riders Now Report and the accompanying proposed transit service change ordinance if required by this proviso no later than August 1, 2024, with the clerk of the council, who shall retain an electronic copy and provide an electronic copy to all councilmembers, the council chief of staff, and the lead staff for the transportation, economy and environment committee or its successor.

P6 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits a vanpool program update report and a motion that should acknowledge receipt of the report, and a motion acknowledging receipt of the report is passed by the council. The motion should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the motion.

The report shall include, but not be limited to, the following:

- B. The total number of vanpool vehicles owned by the Metro transit department, specifying the number of vehicles being used for vanpool groups or other public transportation uses and the number of vehicles that are not in service; and
- C. A description of the Metro transit department's plans for the vanpool program, including, but not limited to:
 - 1. The number of vanpool groups that were active in 2023, as well as estimates of the number of

vanpool groups that will be active at the end of 2024, 2025 and 2026;

2. Estimates of the number of vehicles the vanpool program will acquire in 2024, 2025 and 2026;
3. The proposed strategy and timeline to convert the vanpool program to zero emission vehicles; and
4. Any proposed changes to the design, structure or staffing of the vanpool program to respond to

changing ridership patterns.

The executive should electronically file the report and motion required by this proviso no later than February 22, 2024, with the clerk of the council, who shall retain an electronic copy and provide an electronic copy to all councilmembers, the council chief of staff and the lead staff for the transportation, economy and environment committee or its successor.

P7 PROVIDED FURTHER THAT:

Of this appropriation, \$100,000 shall not be expended or encumbered until the executive transmits a waterfront and northwest Belltown transit study update report and a motion that should acknowledge receipt of the report, and a motion acknowledging receipt of the report is passed by the council. The motion should reference the subject matter, the proviso's ordinance number, ordinance section and proviso number in both the title and body of the motion.

The update report shall include, but not be limited to, the following:
