AN ORDINANCE creating the geographic information systems fund, classified as an internal service fund, for the purpose of accounting for financial resources for the full costing of operating, maintaining and enhancing automated geographic information systems that serve both county agencies and external customers; providing for the transfer of geographic information systems assets from the information and telecommunication - data processing fund; amending Ordinance 12076, section 10, as amended, and K.C.C. 4.08.025, as amended, and adding a new section to K.C.C. chapter 4.08.

PREAMBLE:

Due to the reorganization of the county's geographic information systems resources into an internal services section within the department of natural resources and parks, it is desirable to create a new geographic information systems internal services fund for the purpose of accounting for financial resources for the full costing of operating, maintaining and enhancing automated geographic information systems.

Effective January 1, 2002, accumulated undesignated fund balance of two hundred fifty thousand dollars is hereby transferred from the information and telecommunication - data processing fund to the geographic information systems fund.

This represents the estimated share of the information and telecommunication - data processing fund's undesignated fund balance that has been contributed by geographic information systems

operations.

BE IT ORDAINED BY THE COUNCIL OF KING COUNTY:

NEW SECTION. SECTION 2. There is hereby added to K.C.C. chapter 4.08 a new section to read as follows:

A. There is hereby created the geographic information systems fund, classified as a internal service fund, for the purpose of accounting for financial resources for the full costing of operating, maintaining and enhancing automated geographic information systems that serve both county agencies and external customers. For the purpose of this section, “full costing” means all costs associated with opration, maintenance, rental, repair, replacement, central service cost and department overhead allocation.

B. Budget authority for staff and associated operating expenses incurred in managing the county’s central geographic information systems shall be transferred from the information and telecommunications services fund data processing subfund to the new geographic information systems fund in the county’s 2002 Annual Budget. Ownership of the equipment used to support the county’s centralized geographic information systems is hereby transferred to the geographic information systems fund.

C. The department of natural resources and parks shall be the fund manager and shall establish charges to recover full costing for geographic information systems fund services and operations.

D. Annual appropriations of revenues, beginning in 2002, shall be included in the budgets of those agencies and funds either benefiting from the centralized geographic information systems or receiving services from staff budgeted in geographic information systems fund, or both, which revenues shall be transferred to geographic information systems fund monthly.
