The examiner shall affirm the decision of the director unless the examiner determines that the director's decision was unreasonable. Upon determining that a decision of the director was unreasonable, the examiner shall modify the fee estimate, order the department to modify the fee estimate in accordance with the examiner's ruling, or provide such other relief as reasonably necessary. The examiner's decision is final. If the examiner determines that the applicant is the substantial prevailing party, the

department shall refund the appeal fee.

NEW SECTION. SECTION 14. An applicant may appeal to the hearing examiner permit fee billings issued by the department. On project managed permits and approvals, the applicant may only appeal after the department has provided a notice of completion or permit issuance document. On non-project managed permits and approvals, the applicant may only appeal after the department has issued an adverse decision by the director on a fee waiver request under K.C.C. 27.02.040. The applicant may not challenge a permit fee estimate or estimate revision in any appeal provided for by this section.

NEW SECTION. SECTION 15.

A. An applicant appealing any billing on a project managed permit or approval must file a written combined notice and statement of appeal with the director, together with the required appeal fee not later than twenty-one days after the date the department issues the written notice of completion or permit issuance document to the applicant. The department shall forward the combined notice and statement of appeal to the hearing examiner. The department shall also preserve the record, and comply with the appeal provisions outlined in K.C.C. 20.24.090.D.

B. The director shall respond to the combined notice and statement of appeal filed under this section within twenty-one days after the combined notice and statement is filed with the department. The director shall determine whether to grant, partially grant, or deny the billing appeal. The department shall mail the director's decision to the applicant and the examiner. If the director grants the appeal of the billing, the examiner shall

dismiss the appeal and the department shall refund the applicant's appeal fee. If the director partially grants or denies the applicant's billing appeal request, the examiner shall conduct an open record hearing, and affirm, modify or reverse the decision of the director.

A. Before appealing any billing on a non-project managed permit or approval, an applicant must first file a fee waiver request as provided in K.C.C. 27.02.040, no later than twenty-one calendar days after the department issues the notice of completion or permit issuance document. Within fourteen days after the applicant files the fee waiver request with the department, the department shall mail the director's decision on the fee waiver request to the applicant.

B. The director's fee waiver decision is final unless the applicant then files with the director a combined written notice and statement of appeal of the billing, together with the required appeal fee, not later than twenty-one calendar days after the department mails the fee waiver response. The department shall forward the combined notice and statement of appeal to the hearing examiner. The department shall also preserve the record. The examiner shall conduct an open record hearing, and affirm, modify or reverse the decision of the director.

NEW SECTION. SECTION 17. In an appeal of department billings under sections 14 through 16 of this ordinance, the burden is on the applicant to prove that the particular billing or fee was unreasonable or inconsistent with this title. If the applicant fails to meet that burden, the examiner shall affirm the decision of the director. If the examiner determines that a particular billing or fee was unreasonable or inconsistent with the provisions of this title, the examiner shall modify the fee or billing, order the department to modify the fee or billing in accordance with the examiner's ruling, or provide such other relief as reasonably necessary. If the examiner determines that the applicant is the substantial prevailing party, the department shall refund the appeal fee. The examiner's decision is final.

NEW SECTION. SECTION 18. In an appeal under this chapter, the applicant may only challenge the

department's application of the development permit fees provided for in this title to the applicant's permit and approval. The applicant may not challenge in an appeal under this chapter the development permit fees as adopted by the council and codified in this title, or any other King County Code requirement, including any land use provision.

NEW SECTION. SECTION 19.

A. Applicants with fee disputes on billings that the agency first issued between January 1, 2004, and the effective date of this section may, for one year after the effective date of this section, commence billing appeals under this chapter.

B. For any project managed permit or approval, the applicant must, within the one-year period under subsection A. of this section, file a notice of appeal together with the required appeal fee. The applicant must also file a statement of appeal no later than thirty days after filing the notice of appeal.

C. For any non-project managed permit or approval, if the applicant has not done so already, the applicant must, within the one-year period under subsection A. of this section, file a fee waiver request, in accordance with K.C.C. 27.02.040. The applicant must then file a timely appeal together with the required appeal fee, as provided in section 16 of this ordinance.
